

Breastfeeding Support in Changing Times

Purpose: To provide information on various aspects of lactation so breastfeeding support workers can more effectively help mothers and babies.

Target Audience: IBCLCs, RNs and Registered Dietitians who assist with breastfeeding, LLL Leaders, and WIC Peer Counselors.

Application for CERPs has been submitted to the International Board of Lactation Consultant Examiners.

Application has been made for RN CEs.

Application has been made for RD CPEUs

For information about the approval status for contact hours/continuing education credits, contact Dee Kassing, 618-346-1919.

Speaker Laurel Wilson, IBCLC, RLC, BSc, CLE, CLD, CCCE, CPPI, receives a small royalty from the sale of her book, "The Attachment Pregnancy."

Speaker Andrew Dorough, DC, CACCP, has no conflicts of interest with regards to this program.

Planning committee members Deborah Gross, Michelle Heim-Streeb and Bhagya Kolli have no conflicts of interest with regards to this program.

Planning committee member Dee Kassing rents out Medela and Ameda breast pumps, and sells Pumpin' Pal, Ameda and Medela spare parts and various specialty devices.

Quiet, non-separating little ones, however they are fed, will be allowed to remain with their attendee-parent in the meeting room. Please be mindful that even happy baby noises make it difficult for others nearby to hear the speaker, and be ready to step out into the hall until your little one can be quiet again. Please bring with you whatever food your little one needs, as the Task Force can only provide food for the paid registrants.
