

L2, a LECC Company is the premier technical sales organization representing only manufacturers of electromechanical, passive, interconnect and active productions.

L2 is your strategic partner, able to provide key engineering expertise to achieve your design goals.

We are a professional sales organization providing engineering and design support to over 18,000 customers on behalf of the world-class manufacturers we represent. Our suppliers benefit from our close personal relationships with Design Engineers and Procurement Managers, while customers benefit from access to future technologies from industry-leading manufacturers. Over 1 Billion parts are sold to our customers on an annual basis, either directly from the factory or through authorized distributors, utilizing strategic stocking centers or logistic expertise, making their inventory readily available for immediate shipment. Our mission is to provide the highest quality, state-of-the-art products, utilizing the talents of our Field Sales Engineers to assist our customers in designing revolutionary products for all markets.

L2 truly offers a 'full service experience' with a record of excellence.

L2, a LECC Company - Making your designs a reality

Customer Service (408) 453-5000

Northern California Manufacturers Line Card

Mitsubishi Electric's thin film transistor liquid crystal display (TFT-LCD) panels

& modules are produced utilizing advanced imaging & color reproduction

method also allows us to provide touch panel options for our LCD modules. http://www.mitsubishielectric.com/semiconductors/products/tft_tech/index.html

technologies & come in a variety of sizes from 2" to 19". Our integrated assembly

Northern California Manufacturers Line Card

Abatek is a global leader for Automotive, Medical, Industrial & Communications Industries with roots in silicone rubber keypads, & sub-assemblies. Abatek's aggressive R&D has developed new surfaces (Polyform), Electrical Contacts (SC Pills), Light Guide Solutions, and other unique haptic solutions (ClickPad). http://www.abatek.com/

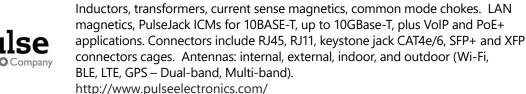

Specialized contract manufacturing, ODM, DFM and DFT services Partnered with the leaders in these markets, we develop new products for emerging technologies that enable high speed communications. For over 60 years, we've used our superior, high-volume manufacturing techniques and processes to deliver quality products to the global marketplace. http://www.belfuse.com

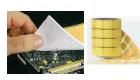

Sil-Pad; Thermally Conductive Interface Materials, Bond Ply & Liqui-bond; Thermally Conductive Adhesives, Gap pads; Thermally Conductive Gap Filling Materials, Hi-Flow; Phase Change Interface Materials, TIC; Thermal Interface Compounds, Thermal Clad; PCB with Insulated Metal Substrates. http://www.bergquistcompany.com

Electrolytic, Polymer, Film, Hybrid, & SP-Capacitors. Resistors, Chip Inductors, & EMI Filters. Electromechanical Devices: Light-touch Switches, Fine-pitch Connectors, & Encoders. RF modules for Bluetooth, SNAP, ISM, & Wi-Fi. Relays: Signal, High-Frequency, Power, Automotive, Solid State, & PhotoMOS. Passive IR Motion Sensors (PaPIRs & NaPiOn). Power CSP MOSFETs. https://na.industrial.panasonic.com/

Circuit Board Indicators, Prism, Lightpipes, Surface Mount LED Indicators, LED Panel Mount Indicators, Neon/Incandescent, Military-Qualified Indicators &

QuickLogic Corporation enables OEMs to maximize battery life for highly differentiated, immersive user experiences with Smartphone, Wearable and IoT QuickLogic devices. QuickLogic delivers these benefits through industry leading ultralow power customer programmable SoC semiconductor solutions, embedded software, and algorithms for always-on voice and sensor processing. https://quicklogic.com/

From cylindrical tuning fork crystals to high stability oven controlled oscillators, ECS, Inc. offers the most comprehensive line up of frequency control devices in the industry. Crystals, ECSpressCON, Oscillators, Resonators, Filters, TCXO/VCXO and more. https://www.ecsxtal.com

InvenSense, Inc: Now a wholly owned subsidiary of TDK Corporation. InvenSense is part

LED Components: High Power, Low Power, Chip-Scale Package (CSP), Chip-On-Board (COB). Automotive LEDs (AEC-Q101 qualified & meets ECE automotive color requirements). LED Engines: Ambient, Outdoor, Downlight. LED Drivers: Indoor and Outdoor from 15 watts – 200 watts. Wireless Smart Lighting Solutions. http://www.samsungled.com

of the Sensor System Business Company within TDK and is the industry leader in MEMS Motion, Audio, and Pressure Solutions for the consumer, industrial, automotive, and IoT market segments. With a very robust portfolio of MEMS 3/6/7/9 axis motion sensors, accompanied by the highest performing MEMS audio microphones, TDK continues to push the boundaries of performance and quality; setting new standards of innovation across multiple industries. http://www.invensense.com

IBASE is a manufacturer of industrial computer, panel PC, motherboard, SBC, embedded

system, digital signage player, video wall player, railway computer system, RISC platform

Sensirion is the leading manufacturer of high-quality sensors and sensor solutions for the measurement and control of humidity, and of gas and liquid flows. Sensors: Humidity, Temperature, Gas, PM2.5, CO2, Liquid Flow Meters, Mass Flow Meters and Controllers, Gas Meter Modules, and Differential Pressure Sensors. https://www.sensirion.com

IBASE

Connectors: Circular, Compact Flash, D Subminiature, Fiber Optic, Filter, Hermetic, Harsh Environment & Oil, Media & Memory, Microminiature, Mobile Communications, Plastic/ Universal, Printed Circuit Board, Rack & Panel, RF, Smart Card, Transportation, USB/ FireWire, Zero Insertion Force. http://www.ittcannon.com

SUNS is a leading manufacturer of high quality industrial control components. Our offering ranges from the widest variety in limit and micro switches to complete lines of foot switches, push buttons, and control stations. http://www.suns-usa.com/en/product.html
