**L2, a LECC Company is the premier technical sales organization representing only the best manufacturers of electromechanical, passive, interconnect and active products.**

L2 is your strategic partner, able to provide key engineering expertise to achieve your design goals.

We are a professional sales organization providing engineering and design support to over 18,000 customers on behalf of the world-class manufacturers we represent. Our suppliers benefit from our close personal relationships with Design Engineers and Procurement Managers, while customers benefit from access to future technologies from industry-leading manufacturers. Over 1 Billion parts are sold to our customers on an annual basis, either directly from the factory or through authorized distributors, utilizing strategic stocking centers or logistic expertise, making their inventory readily available for immediate shipment. Our mission is to provide the highest quality, state-of-the-art products, utilizing the talents of our Field Sales Engineers to assist our customers in designing revolutionary products for all markets.

L2 truly offers a 'full service experience' with a record of excellence.
