## TACTICAL VEST WITH MOLLE

### Overview:

Tactical Vest with Molle is our latest in design and technology. The Vest has been specifically created to offer adaptable solutions for tactical operations. This extremely versatile vest can be worn either overtly or covertly.

### Features:

- ❖ Simple Velcro Closure to sides
- ❖ Adjustable Shoulder straps
- ❖ Full Freedom of movement
- ❖ Detachable modules on request and designed to meet individual needs.
- ❖ Pockets Front and Back for additional Ceramic Plates.

### Sizing:

The Adjustable Operations vest is available from size Small to 4 X – Large and customised for larger sizes.

### Protection:

The Tactical Vest with Molle offers Front, Back and Side protection, and can offer up to Level IIIA and Level IV protection with the inclusion of Ceramic Plates.
