HISTORICAL SOCIETY
PO BOX 203, LIMA, PA 19037**

May 2014

Re: Request for Donation

Dear Business Owner:

The Middletown Township Historical Society has recently begun work to upgrade the exterior of Oak Lawn. A description of the project is attached. The house is part of the Township-owned Smedley tract and has historical significance. It is believed that it dates to the early nineteenth century.

We are finally getting underway and will need volunteer help in several areas of the rehab. The plan is to approach this project in stages with the front of the house being done first.

FRONT ELEVATION -

Prep & paint 5 window frames
Prep & paint front door
Install 5 faux window panels
Repair or replace shutters
Repair woodwork on front porch
Prep & paint front porch
Prep & paint porch tin roof
Masonry repairs to porch foundation & concrete slab
Prep & paint masonry walls on house and porch
Repair woodwork, prep & paint wood soffit

ROSE TREE SIDE -

Prep & paint 4 window frames
Install 4 faux window panels
Repair, prep & paint roof rake boards
Repair, prep & paint masonry wall

RT. 352 SIDE -

Prep & paint 4 window frames
Install 4 faux window panels
Repair, prep & paint roof rake boards
Repair, prep & paint masonry wall

The cost of the repairs is being covered exclusively by the Middletown Township Historical Society. We are an all-volunteer organization and rely on membership dues and donations for funding. We are reaching out to local businesses and contractors for needed supplies and labor.

As a donor, your business will be acknowledged on an appreciation sign at the site, similar to the one at the Sleighton Park.

Thank you for consideration of this request.

Sincerely,

Susan Mescanti, President
