

Alcohol and Drug Rehab Choices

While there is a growing problem with addiction in drugs (prescription and illegal) as well as alcohol we have compiled a list of treatment facilities in Louisiana to assist families and those in need.

Treatment for substance abuse is a voluntary process unless ordered through the court systems. Each facility has their own requirements for admission. We do not recommend or endorse any specific facility. You must contact those facilities for their admission requirements.

Natchitoches Parish Coroner's Office
