Insulated Swivel System with Master Link & Hook

- Roller bearing swivel can rotate under full load
 - The SKLI swivel is Insulated to 1000 Volts DC
 - A component in the Gunnebo Lifting SK System
 - Supplied from the factory with a marine rated lubricant
 - Full traceability for each component
 - Each of the components has been Proof tested and certified
- Systems contain (one each per size): "SKO" Master Link, "SKLI" Roller Bearing Swivel, and "SKN" or "ESKN" Sling Hook with Latch.

STOCK NUMBER	CHAIN SIZE (Inches)	GRADE	WORKING LOAD LIMIT * (Lbs) at 90°	WEIGHT lbs	REACH Inches
589350	9/32	80	3,500	3.2	10.2
589350	5/16	80	4,500	3.2	10.2
589351	3/8	80	7,100	6.3	13.0
589352	1/2	80	12,000	12.6	15.7
589353	5/8	80	18,100	21.4	18.6
589354	3/4	80	28,300	32.8	21.3

*Design Factor 4:1

Insulation capacity of 1000 volts DC
