C-Grab Connecting Link (CG)

- Includes integrated chain pocket for shortening
- Chain is cradled so working load limit is not reduced when shortening chain leg
- Product identification code for full traceability
- Proof tested to 2 ½ times working load limit

This connecting link is used with MF, MFX, or MTX master links to attach one leg of chain. Can also be used as an adjustable sliding choker. Fitting includes built-in chain pocket for shortening chain leg or creating leg loops.
