Thank you so much for volunteering—it takes many working together to provide for the worthy celebration of the Holy Mass.

WASHING LINENS 2019

(Many have discovered different ways to remove stains— here are a few suggestions)

Take Shout (stick works best) and apply to lipstick areas, grease spots, etc. or pre-soak with Oxiclean. Presoak in warm/cold water overnight.

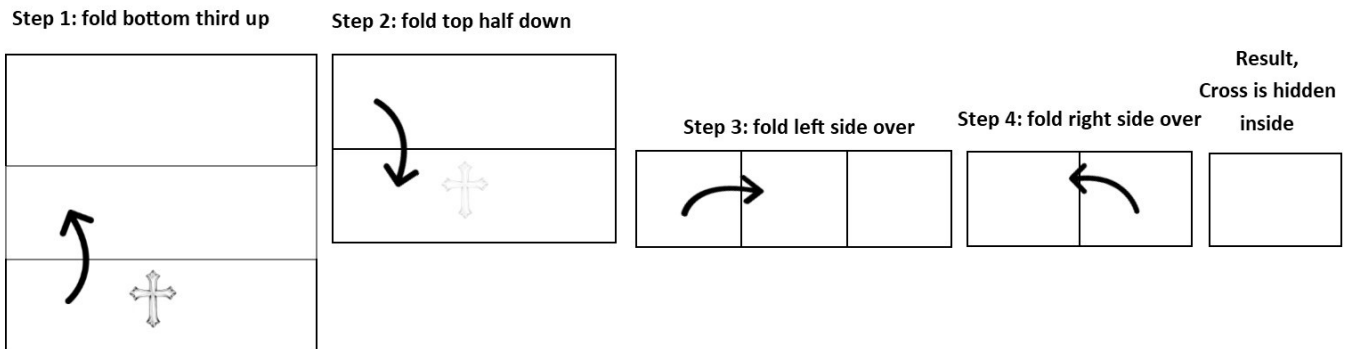

Wring the cloths out by hand and dispose of the water so no one will walk on it for example in flower bed or against a wall)

In the washer wash linens with a small amount of Clorox or Purex (amount depends on size of load) and hot water.

Corporals are pressed and folded the same and then folded in thirds and pressed. (Top folded 2/3 way down from top, then bottom folded up 1/3. Press.)

The Corporal (square, cross (if there is one) at the bottom):

Start with cross/good side up

Purificators are pressed and folded in three sections vertically with each side overlapping the other (right over left). Press. Then fold in half and press - fold so that the fold is above the cross (see below). Purificators with a small red cross are Father's. There is a special drawer in the sacristy for his.

The Purificator (rectangle, cross in the middle):

Start with cross down.
