Directions

In the Commons: towels that need washed are the dishtowels in the commons' kitchen, that will either be on the drying rack or in the basket under the shelves.

After the towels are washed and folded, they can be put away in the drawer in the kitchen.

In the church: Towels that need washed are the towels in the sacristy. There is a basket next to the sink, that has the used towels.

After the towels are washed and folded they can be put away in the drawer labeled "towels" in the sacristy.

Thank you so much for volunteering!
