About IBAAS

International Bauxite, Alumina & Aluminium Society (IBAAS) is set up and registered in India by professionals active in various fields of aluminium industry [Registration No. MAH-820/12 (N)]. The initial activities were focused in the Asian region with special attention to India, China, Indonesia, Vietnam, Saudi Arabia and UAE and now diverting to other promising regions. The founders of this society have vast experience in organizing similar symposia on bauxite, alumina and aluminium in India and China. IBAAS has successfully organized the five International events of Aluminium Industry in India and China during 2012-2016. Details of these IBAAS International symposium can be downloaded from the website <http://www.ibaas.info/>

About Camen Resources S. A. R. L.

CAMEN RESOURCES SARL is an independent firm specialized in the execution of all Geological Services: exploration and exploitation works, as well as in the conduct of environmental and social impact and feasibility studies in relation with certain international firms in this field. It provides services and advice in the mining industry in Guinea and West Africa.

It was locally created in Guinea in April 2012 after a long experience of more than 22 years in the biggest international firms namely De Beers and BHP Billiton.
