## Invitation

On behalf of the organizing committee, it is our pleasure to invite you to participate in the Sixth IBAAS International Bauxite - Alumina Symposium (IBAAS-2017) in association with Camen Resources, Guinea being held in Conakry, Guinea during September 21- 22, 2017. As Guinea is one of the fastest developing bauxite mining and export centres of the world, IBAAS 2017 is being organized in this West African country. The theme of the IBAAS-2017 symposium is "Sustainable Development of Bauxite & Alumina Industry in Guinea".

The symposium organizing committee is formulating a World Class program focusing on key topics and issues in the bauxite and alumina area relevant to Guinea.

## Objectives of the Symposium:

- ✦ Geological & Geomorphological Features of Guinea Bauxite
- ✦ Updates on Bauxite Exploration activities in Guinea
- ✦ Present status of Bauxite Mining in Guinea
- ✦ Position of Guinea Bauxite in the world
- ✦ Environmental aspects of Bauxite Mining & Exports
- ✦ Sustainable development of Bauxite exploitation in Guinea
- ✦ Techno - Economics of settings up Alumina Refinery in Guinea
- ✦ Value Addition & Non-metallurgical Uses of Bauxite
- ✦ Need to set up Bauxite-Alumina Institute in Guinea
- ✦ Comparative economics of setting up of refinery in Guinea and other countries

### **About IBAAS**

International Bauxite, Alumina & Aluminium Society (IBAAS) is set up and registered in India by professionals active in various fields of aluminium industry [Registration No. MAH-820/12 (N)]. The initial activities were focused in the Asian region with special attention to India, China, Indonesia, Vietnam, Saudi Arabia and UAE and now diverting to other promising regions. The founders of this society have vast experience in organizing similar symposia on bauxite, alumina and aluminium in India and China. IBAAS has successfully organized the five International events of Aluminium Industry in India and China during 2012-2016. Details of these IBAAS International symposium can be downloaded from the website <http://www.ibaas.info/>

### **About Camen Resources S. A. R. L.**

CAMEN RESOURCES SARL is an independent firm specialized in the execution of all Geological Services: exploration and exploitation works, as well as in the conduct of environmental and social impact and feasibility studies in relation with certain international firms in this field. It provides services and advice in the mining industry in Guinea and West Africa.

It was locally created in Guinea in April 2012 after a long experience of more than 22 years in the biggest international firms namely De Beers and BHP Billiton. The founder Mr. CAMARA SORIBA former Director of Operations at BHP Billiton has taken the initiative to procure the latest equipment and bring together within CAMEN RESOURCES SARL a professional and credible staff. CAMEN RESOURCES is specializes in Diamond research, bauxite, gold, iron and base metals. CAMEN RESOURCES can be downloaded from the website <http://www.camenresources.com/>
