

Looking for ways to engage your child this summer? Mighty Minds offers camps and classes specifically designed for preschool and elementary age students. These fun, educational programs focus on critical thinking, creativity, problem solving and other important 21st century skills. Frisco camps meet at Legacy Christian Academy (5000 Academy Drive, 75034).

Register today at www.mightymindsllc.com to reserve your child's spot!

Check us out on the Texas Association for the Gifted and Talented website! www.txgifted.org

mighty engineer

July 15-18 9:00am-11:00am

Cost: \$160 Ages 5-7

Optional: 11:00 -11:30 lunch bridge for students doing back to back camps- \$20

Calling all inventors! In this program, your child will discover their inner engineer with STEAM lessons designed for little learners. They will learn about the engineering design process and use it to create roller coasters, assemble and program robots, create egg drop devices, and make other amazing contraptions!

mighty thinker

July 15-18 11:30am– 1:30pm

Cost: \$160 Ages 5-7

Creative kids wanted! In this program, students will be introduced to exciting activities and “brain games” that promote creative thinking, logic and problem solving! Students will have a blast celebrating imagination and the wonder of looking at the ordinary and seeing the extraordinary!

mighty maker

July 15-18 9:00am– 11:00am

Cost: \$160 Ages 7-10

NEW! MIGHTY MAKER: CARDBOARD ARCADE! Does your child LOVE to create? Students will learn about Caine’s Arcade and use the engineering design process to design and build a working arcade, entirely out of cardboard and other recyclables! Parents are invited to play in our Arcade Showcase at the end of camp! (FYI: This camp is BYOB– Bring Your Own Boxes!)

mighty maker

July 22-25 9:00am– 11:00am

Cost \$160 Ages 3-6*

Optional: 11:00 -11:30 lunch bridge for students doing back to back camps- \$20
*Potty trained 3 year olds may attend with an older sibling

MIGHTY MAKER: FAIRYTALES! Tiny tinkerers welcome! Your child will have a ball exploring our fairytale-themed maker space! Students will work together to solve a problem and will be presented with opportunities to brainstorm, invent, design and build as they help their favorite characters! (Don’t worry, Rapunzel. We will save you!)

mighty artist

July 22-25 11:30am– 1:30pm

Cost: \$160 Ages 3-6*

*Potty trained 3 year olds may attend with an older sibling

Inspire creativity! In this program, students will learn about famous artists and complete art projects in the style of each artist. Your child will strengthen critical thinking skills, visual-spatial skills, fine motor skills and learn about self-expression, all while celebrating one of the creative building blocks of child development– ART!
