Steve

I just spoke with North Yorkshire police control room to update our file.

They said that it is classed as Civil and so can't take the case of fraud any further.

They also said and I will be requesting a recording of the call "A Bank can not sell your mortgage to someone else."

They haven't got a clue! No wonder they are making irrational decisions...they have not read my case emails documents and so are not informed.

God love them.

Paul
