

## Joe's Coffee House Community Initiative

**Joe's Coffee House** is coming soon. Joe's is a place to have a great cup of coffee, but it is so much more than coffee, pastries, and great music. Our goal is to provide a spark in the revitalization of the historic downtown area on Ford Avenue and Tarrant, Alabama.

April 9th: We hosted a luncheon for the Tarrant Pinson Valley Chamber of Commerce to share the community initiative with business leaders in the Tarrant area. A very special thanks to all that participated in lunch.

- Pat Coleman (Tarrant Public Library) for allowing us to use their space.
  - David Veal (VCS) for providing tables and chairs.
  - Joel Kimbrough (Econo Printing) for the booklet printing.
  - Tim Tidwell (Springdale Baptist Church) for his donation to lunch, etc.
  - Randy Posey (TMI) for the Powerpoint Presentation and sound equipment.
  - Alex Sherman (NonFiction Coffee) for coffee samples.
  - Michael Tomberlin (Alabama Power Public Relations) interviewed Joe and Ben Goldman (Chamber) for an article for Alabama News Center.
  - Ben Goldman (Tarrant-Pinson Chamber) for inviting everyone to the luncheon.
