

Florida Concealed Weapons and Firearms license course

The Florida Concealed Weapons and Firearms license course provides a training certificate that can be used to apply for a Florida Concealed Weapons and Firearms license. The course covers the basic requirements for this license. The live firing portion of the course consists of shooting approximately 20 rounds of ammunition. No firearm is needed for this course. If the person taking the course does not have a firearm a .22 caliber semi-automatic handgun will be provided. This will require the participant to purchase one box of .22 caliber ammunition that will be used during the shooting portion. The course takes about 2 hours and the cost is \$60. Most of the time this course can be completed anytime but calling ahead of time to ensure an instructor is available is recommended. Appointments for this course can be booked online at Tnt-Firearms.com or by calling TNT Firearms.
