Re: Small Local Business Enterprise Program Registration

Dear Mr. Senan:

Congratulations! Aves Construction Corporation has been accepted as a registered firm in the Washington Suburban Sanitary Commission's (WSSC) Small, Local Business Enterprise (SLBE) Program. Your firm has met the financial requirements pursuant to Article 29, Section 3-110 of the Annotated Code of Maryland, as well as the items attested to on your application. This registration is valid for a period of **two** years from your acceptance date of **4/30/2015**. It will be your responsibility to resubmit a Registration Application Form R and Registration Affidavit Form R (a) before the expiration date.

As a reminder, all companies who choose to pursue business opportunities with the Commission **must keep an updated profile in the Centralized Bidder Registration (CBR) with WSSC**. By doing this, your firm will remain an active vendor in WSSC's vendor database. To access the CBR, you may log onto the following web link: <http://www.cbr-wssc.com/>. That way you will continue to receive email alerts for Invitations for Bid (IFB) and Request for Proposals (RFP) based on the North American Industry Classification System (NAICS) codes that you selected on your application. In addition, please continue to check the web site for available contracting opportunities. This will allow your firm the ability to pursue contracting opportunities in WSSC's bidding process.

Please note that firms are not assigned individual SLBE registration numbers. You must submit a copy of this letter when responding to any WSSC proposals. Should you have any questions or concerns you may contact this office at 301-206-8800.

Any **changes** in ownership, financial status, address, email, or telephone number should be reported in writing immediately to:
