**South Central EMS Directors' Association**

SCEMSDA was established in 1980. Our commitment is to the South Central Tennessee EMS Health Department Region consisting of: Bedford, Coffee, Giles, Hickman, Lawrence, Lewis, Lincoln, Marshall, Maury, Metro Moore, Perry & Wayne counties. Franklin County was moved to the southeast region many years ago. Together, we provide EMS services in our 12-county area. We have several private services who assist us daily in our coverage area: TransMed Ambulance Service, Moore Care Ambulance Service, First Call Ambulance Service, A&E Emergency Service Ambulance, and AEDC Ambulance/Fire Service. We also have three flight services who support our rural counties: Vanderbilt LifeFlight, Air Evac Lifeteam, & Huntsville MedFlight. Additionally there are two EMS Education programs in our region: Motlow State Community College and Columbia State Community College. Another regional asset is the State of TN Fire & Codes Academy. Last, but not least, are the TN State Parks, who have medically trained Park Rangers frequently providing EMS assistance. Registration link on website

**\*A special Thank You to Henry Horton State Park for allowing us the use of your beautiful facilities!\***
