Welcome...

Royal Crowne Outdoor Accents are handcrafted in New Holland, Lancaster County, PA. Owned and operated by three generations of Amish, Royal Crowne Outdoor Accents has been manufacturing cupolas and other outdoor decor since 1980. Royal Crowne manufactures and sells high quality cupolas, weathervanes, copper finials, lantern and mailbox posts and other outdoor products for your home and garden.

Adding any of our Royal Crowne products to your home is the perfect way to add curb appeal and provide that finished appearance it deserves.

You deserve a "Royal Crowne!"

Selecting the Correct Cupola Size

A good rule of thumb in selecting the right size cupola for your building is a minimum of 1.25" for every foot of unbroken roof ridge line. For example: if a roof section measures 24', the minimum size the cupola should be is 30". For roof length 48' and longer you may want to consider using 2 or 3 cupolas.

- Cupola size is derived from the measurement of the base width.
- Extended bases are available for steeper pitched roofs.
- Cupolas come in 2 or 3 sections for easier shipping and installation.
- All louvered cupolas can provide ventilation for your structure.
- Windows are removable for ease of installing a light fixture.
- 60" & 72" cupolas come standard with double mid-sections.
- Custom styles and sizes are available.

All Royal Crowne Cupolas with a wind rating are:

- Engineer drawn and approved
- Wind rated with proper installation procedures followed
- Approved for up to 120 mph wind speeds
- Available with Sealed engineer drawings

Most of our products are available and manufactured with a cellular-pvc trimboard that offers "Maintenance Free Solutions" for many years. This material is rot, moisture, and insect resistant and offers a Limited Lifetime Warranty.

Signature SERIES (100)

The Signature Series Cupolas are highly detailed in construction and craftsmanship and are distinguished from the other lines of cupolas on the market today. Inspired by the beauty of English Castles, the Signature Series will add elegance and distinctive beauty to your home or institution.

Cupola Options

Royal Crowne Outdoor accents offers many additional options for the base, louvers, or roof of your cupola. These additional features add class and distinction to your cupola.

Clapboard Base

A clapboard base is available in all the 100, 200, 300 & 700 series cupolas.

Copper & Colored Louvers

Add copper or colored louvers to any louvered cupola to give it an appearance that will add class to your cupola.

Stained Glass

Add stained glass to any windowed cupola for a distinctive look. Colors available: Blue, Red & Green.

Painted Cupolas

Custom painted cupolas are available to match the color and style of your building. Paint can be applied to vinyl & wood cupolas. *See color chart on page 11.*

Base & Crown Molding

Base & Crown molding is available on any of the 200, 300, 500 or 700 series.

Board 'N' Batten Base

Board 'N' Batten base is available on any of the 100, 200, 300 or 700 series cupolas.

Lantern Mount/Light Socket

Order a lantern mount in any windowed cupola. Choose from either a post lantern mount, or just a standard light socket mount.

Flashing Kit

Add a flashing kit to any cupola to adapt for a metal roof. See page 11 for colors

Patina (applied)

Order any coppertop cupola with patina applied to the copper. This gives the copper a nice aged appearance.

Staybrite (applied)

Order any copper cupola with 3 coats of Staybrite already applied. This will keep your roof shiny and protects it from tarnishing. A 12oz aerosol can is also available.

Also available: Base Cutout, Base Extension & Screening

Weather vanes & Finials

Our weather vanes and finials offer a very distinctive touch atop your cupola or structure. Made of copper and brass, or cast aluminum these weather vanes and finials will add classical elegance for many years.
