Hollows Camp Hosts TVO's "Zerby Derby" Season 3

Have you seen the TV Ontario kid's show called "Zerby Derby"?

You will want to tune in this coming September as the new season was shot at The Hollows this past September. The mud flat area between the dyke path and the back cabins was transformed into Zerby Town and an airport was built on the archery field.

We had so much fun watching the adventures of all the little cars and trucks as they unfolded each day. Some Hollows campers were lucky to have the chance to see the sets in action.

Bonus...we think the set would make an awesome Mini Putt and plans are underway to get this started this summer.

The Archery Field Is Turned Into Zerby Airport

See if you can find our flying friend above in the photo to the left. A bit hard to see but he's just coming in to touch down on runway one eight zero.

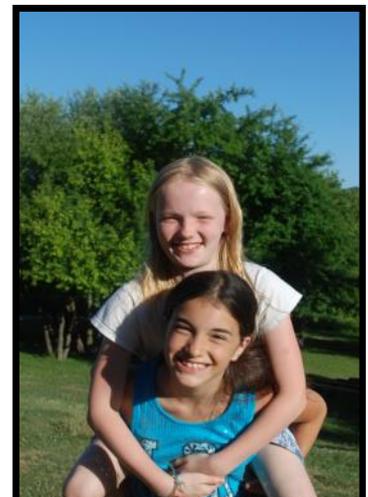

Fine Stein Winner for 2016 Vicki Brodie

Each summer we award the Fine Stein to a counsellor who has made an outstanding contribution to camp. It is always such a difficult decision to make because we always have such a wonderful staff. Yet, for the summer of 2016 - for a second time - we chose Vicki! She is camera shy, and so had to be captured and carried to the dining hall for her photo op.

The Usual “RESEARCH” Suspects

Once again the camp research team gets together to promote research into the phenomena of camp. From left to right, Dr. Karla Henderson, Dr. Stephen Fine and Dr. Deb Bialeschki will lead the Canadian Camping Association Think Tank in May 2017. The Think Tank will bring together university faculty from across Canada to investigate and put into action methods to promote the study of camp phenomena among students and university departments.

Lucas DiPasquali “Pager” Music Video

In June just before camp started Lucas DiPasquali and his crew came to The Hollows Camp to record his new release “Pager”. Yes that is Cabin 9. Between Lucas and Zerby Derby it was a big season for Hollow’s contribution to the music and kid TV industries. Go to: <https://www.youtube.com/watch?v=zBCaRpMMDcI> to see the Pager video.
