

## **GET READY FOR THE SOLAR ECLIPSE!**

Barbara Deas

Have you seen the CCCRA crew at the Nantahala Bank parking lot on Saturdays from 10 am - 2 pm and wondered what we are doing? We're working diligently to make sure you and all your guests are prepared for the upcoming total solar eclipse in Clay County!

We have a great selection of t-shirt designs in assorted colors for you and your visitors. We also have hats, solar viewing glasses, commemorative eclipse posters, stickers and novelty items like glow necklaces, bracelets and good ol' Moon Pies!

A total eclipse is a rare event, attracting major crowds and media interest on a large scale. Many of our customers have confirmed their relatives have already let them know they will be here with their air mattresses for the August 21 eclipse, and all the events over the weekend leading up to the main event.

Stop by and be a part of our "Solartastic Saturdays" and receive free eclipse information with each purchase! Your purchase supports projects of the Clay County Communities Revitalization Association (CCCRA) including the historic courthouse restoration, Cherokee Heritage programs and trails / greenways projects including Jackrabbit Trail and Quanassee Path.
