WNC Student Marilyn Goble to Create Historic Courthouse Archive

Barbara Deas

Members of the CCCRA Courthouse Committee met recently with Marilyn Goble, a Western Carolina University graduate student who will be working with CCCRA this summer to document and archive the history and current restoration of our historic courthouse. Our project will be Marilyn's Master's Degree Internship for the summer. She has extensive experience working on projects such as ours and will be starting her assignment in May after she completes her academic commitments for the semester.

Marilyn is the daughter of Reverend and Mrs. Phil Goble, Jr., of Mt Pleasant Baptist Church in Hayesville and is excited to be a special member of "the CCCRA team" during her tenure this summer.
