And how to Avoid these pitfalls of Sclerotherapy
Crown Medical conducts post seminar surveys in order to maintain the utmost quality in our courses, and incorporates any and all suggestions that may arise. We conducted these surveys by groups in three phases, immediately after the seminar, six months after, and a year after. These are some of the most typical comments expressed by our students.

**COMMENTS**

"I can’t believe I didn’t do this sooner, I’ve missed out on a lot of time with my family, and money."

"I didn’t know you could bill Medicare and some insurance companies."

"After I took all the courses on performing Sclerotherapy, my life changed for the better."

"Where were you guys? My only regret is not having done this course before."

"I wish all my returns on investments were as solid as my decision to take your course. Thank you to Dr. Mason and Crown Medical."

"Thanks for the class. As a Physician Assistant I can’t believe I didn’t take it before. It was 100% better than I thought, not only because of the presentations and materials but the didactics as well, you can tell the experience the professor has."

"The only regret I have is not bringing my staff with me to the course. But now since everybody is trained, I can go on vacation and relax."

"I was thinking this course would be the same as all other CME’s, but Crown Medical made it easy and interesting. I found the practical application and teaching methods to be very helpful. Impressive."

"As an RN I’m glad I took this course it has opened many doors for me. Now I have many Doctors call me to work for them. They want my Sclerotherapy expertise."
