

M4D is a renewable year-long program of Oasis Ministries intended to help men grow in faith, self-awareness, and spiritual wholeness.

MEN**4**DIRECTIONS

We can all use help finding our way from time to time—men are no different. Men need the support of one another to be honest and real about life. Through small group discussions, monthly consultation with a "spiritual brother," and contemplative practice, men are encouraged to know themselves, to listen to the still small voice within, and to honor their souls.
