

Contemplative Leadership

One Year Certification Program
October 2018 - May 2019

Contemplative Leadership is a one-year certificate program in spiritual deepening and contemplative leadership. It is ideal for both pastors and others seeking to deepen contemplation in ministry and life. Most participants will have previously found contemplative practices transformative in their personal life and desire to grow in creating and equipping contemplative groups in their communities.

Is CL Right for You?

- Do you hunger for ways to go deeper in your spiritual life?
- In your prayer life are you feeling drawn to fewer words?
- Do you feel invited to accompany and lead others in the practice of prayer?
- Would you like to find ways to integrate your leadership more deeply with your spiritual life?
- Do you cherish the energy that stirs when people gather together in prayer or meditation?

The Intent of CL is three-fold:

- 1 Deepening contemplative living (personal transformation)
- 2 Growing contemplative leaders (leadership formation/transformation)
- 3 Equipping teachers of contemplation (leading groups in contemplation)

Understanding that the contemplative way is to infuse life with an awareness of God, this program is for persons seeking to enhance this awareness through classical disciplines and other creative practices while also learning how to lead others into the contemplative life 'back home.' These emphases of personal spiritual formation, transforming as a contemplative leader and hands-on group leadership training will permeate the program. There will be presentations on a variety of practices, reflection on contemplation and leadership, along with much experiential learning. This will be coupled with opportunities in a peer group to learn the means of developing methods, enhancing skills, building confidence, and receiving feedback for leading contemplative programs in one's own community.
