2018 HITEMAN AWARD RECIPIENTS – UPDATE

Hope Croegaert - An eventful year at Highland! Began taking credits for nursing but will be changing my major to nutrition. My career goal is to become a nutritionist and help teach others to eat healthy and lead a fit lifestyle. I greatly appreciate the benefits of this scholarship; thank you very much! I will keep you updated as the year progresses.

Addison Kitzmiller - My first year at Kishwaukee C.C. went well. I earned a 4.0 GPA first semester, while being a college athlete. First semester was very engaging - I took a lot of health classes. Second semester has been more of

a challenge, due to my work load. I will be taking some summer classes just to get ahead in my science classes; My experience playing women's basketball was a blast. I enjoyed practice, games, & traveling. I was able to build friendships with people I would have never talked to if it wasn't for basketball. This scholarship has helped me maintain focus in school. Thank you for allowing me to renew this scholarship for a second year.

Brittany Kuntzelman - Took 17 credits in the spring semester at Wisconsin Lutheran; my schedule was super full; I applied for Pharmacy school and was accepted; I was selected to be a Warrior Orientation Weekend leader for the fall; Activities have included attending a Brewer's and Buck's game, and the Milwaukee Art Museum. My dorm floor is currently participating in a Ronald McDonald fundraiser and a "New Beginnings" fundraiser; My fall schedule is going to be really challenging but exciting! Thank you so much for allowing me to reapply for this scholarship. It is very much appreciated!

Sierra Reining - The first semester at Concordia Univ. started off pretty well but had some struggles towards the end. I learned a lot from my first semester: in my studies, in time management, in living on my own; Second semester, I have been able to keep all my grades up and making time for other things. I switched my major to Psychology because I realized I enjoy helping people. School has helped grow academically, personally, and taught me how to face different challenges. Thank you for allowing me to renew the Hiteman Scholarship; it helps tremendously.
