Dear President Petro Poroshenko,

Since I have an interest in international affairs and different things that are occurring in my world, I am sending you this communication as to a plan of action in which I believe needs to be made, for the purpose as to helping ensure that the sovereignty of Ukraine is not infringed on any more. Since the international community has issued sanctions in response to the illegal annexation of Crimea and due to recent tensions that appear to be escalating along that annexed border, I am hoping that you will bring up a proposal with the current White House and Department of State officials as to a Status of Force Agreement (SOFA) in which would ensure that the creation of a United States Military Base in Ukraine would be established. I personally believe that the United States having a military base in Ukraine would help ensure that the sovereignty of Ukraine is not infringed on and that any type of assistance that Ukraine needs would be made available.

I believe that the establishment and the enforcement of a Status of Force Agreement (SOFA) with respect as to the creation of a future United States Military Base in Ukraine would serve lawful interests and I further believe that such a move would help ensure that the people of Ukraine would be protected from harm. I do not believe that the United States solely sending some troops to Ukraine is the best way to help ensure that the sovereignty of Ukraine is respected. I am again confident that the government of Ukraine and that the government of the United States, hopefully in the future, signing a Status of Force Agreement (SOFA) for the future establishment of a United States Military Base in Ukraine is the best way to help ensure that the sovereignty of Ukraine is not infringed on any more. I hope that you and that your office will work to help ensure that this is a reality.

Respectfully,

Isaiah X. Smith<sup>1</sup>
