

ESA

Education Scholarship Account

The ESA program provides an opportunity for parents of children with disabilities who wish to withdraw their child from the public school system to use scholarship money to help defray the cost of private school tuition or other specific allowable activities to educate their child. The ESA program was created by the Equal Opportunity for Students with Special Needs Miss. Code Ann. §§ 37-181-1 *et. seq.* The program is being administered by the Mississippi Department of Education, Office of Special Education.

Who is eligible?

In order to qualify for an ESA, these requirements must be met:

- Applicant must be a resident of Mississippi;
- Student must have had an active Individualized Education Program (IEP) within five (5) years from the date of application. An “active IEP” is an IEP developed by a public school district where the student was enrolled and received services; and
- Parent must sign an agreement promising:
 - To provide an organized, appropriate educational program with measurable annual goals to their participating student and, to the extent reasonably deemed appropriate by the parent, to provide an education for the qualified student in at least the subjects of reading, grammar, mathematics, social studies and science;
 - To document their participating student’s disability at intervals as required... Every three (3) years after initial enrollment in the program...;
 - Not to enroll their participating student in a public school;
 - Not file for their participating student a certificate of enrollment indicating participation in a home instruction program under Section 37-13-19, Mississippi Code of 1972; and
 - Not participate in the Mississippi Dyslexia Therapy Scholarship for Students with Dyslexia Program or the Mississippi Speech-Language Therapy Scholarship for Students with Speech-Language Impairments Program while participating in the ESA program.

How are students chosen for the program?

Once an application is submitted, it will be reviewed for eligibility within 21 business days. **(Any incomplete applications will not be processed.)** Applications will be reviewed on a first-come, first-served basis until 50% of the annual enrollment limits are reached. A random selection process will then be used to choose the recipients of the remaining ESAs. A mid-year lottery may be held in the event scholarships become available.

Once students are selected for an ESA, an award packet will be mailed to the recipient. The student will then remain in the program as long as they are eligible and are not subject to the random selection process in subsequent years.

How much is the scholarship?

The amount is calculated annually each spring. The 2016-2017 scholarship amount was \$6,637.00.

When is the best time to apply?

To ensure the award notification is received prior to the start of the 2017-2018 school year, the recommended application window is from **February 1st to May 10th.**
