- **Thanksgiving Leftover Safety:** As tempting as it may be to share your Thanksgiving scraps with your pet, we strongly advise against it. Not only for preventing tummy aches, but it can be incredibly dangerous. Cooked bones of any kind are prone to splintering and damaging your pets gastro-intestinal tract.

Product Recommendation

BC Pets Cascade Coat

RC Pets Cascade Coat

This coat made by RC Pets is a great option for anyone who is looking for a versatile go to dog jacket. It is waterproof and wind resistant, with a fleece inner lining to provide warmth. This jacket is also great for layering because of its adjustability, which I often do for small dogs who need that extra bit of warmth during winter. There are reflective panels on each side, and a leash accessibility hole on the top. Possibly the biggest benefit of this jacket is how adjustable it is and the variety of size options available. They have a "wide" option for breeds such as bulldogs or pit bulls, and they also have a "long" option for dogs like bassets or beagles. Again, I highly recommend the RC Pets Cascade Coat for anyone who is looking for their go to dog coat, and they do have other options on their website if you're looking for something more specific.

Everybody needs a thneed.

Business Feature

Country Canine Dog Spa

Country Canine Dog Spa is a somewhat recently opened dog grooming business located in Thorp, WA. and owned by a woman named Brianne who was a hairdresser for 20 years prior to opening her dog grooming business. Personally, I have had a couple dogs come through after having been to her for grooming, and they have looked great.

- Paige Graham, MP Owner

Here is a message of hers to give you a better idea of her business and goals:

her business and goals:

Throughout the years the idea of grooming dogs has crossed my mind several times. After selling my business and relocating full time to the east side of the mountains, I finally had the time and freedom to explore this new career move and passion of mine.

I have been hard at work educating myself through Jess Ronas dog grooming courses.

Through gentle handling and calming energy work; my goal is to build trust and connection with every furry friend and to ensure every experience is a positive one. A focus on creating a more personal, "no rush" service and cater to each pet's individual needs is what sets Country Canine apart from the rest.

Being able to combine both my love of doing hair and my love for animals has been a blessing. I look forward to meeting you and your canine friends. Email, text or reach out through messenger to set up a free phone consultation and to answer any questions you may have.

Cheers!

- Brianne

Featured Pets Looking for Fur-ever Homes!

Ada

My name is Ada, I am a 1 Year old red coonhound. I currently weigh about 50 lbs, and I am pretty close to full grown. I love people and other dogs although my foster mom keeps telling me 'I'm a bit much' for some friends. My favorite activities are bird watching, trail walks, zoomies with my puppy friends and playing ball. I am very food motivated. True to my hound breed I have endless energy and like to make my strong opinions known by howling on occasion.

I am very smart, I already know my name, how to come when I'm called, sit, kennel trained and I am fully potty trained. I am looking for a human who will be able to keep up with my energy to keep me from finding trouble. I will also need ongoing training and socialization to help me grow up to be a wonderful

companion. My ideal home will have no kids under 10 years old, no small animals (cats, etc.) and a fenced yard.

Ranger

Ranger is around 2-3 years old, very smart, loves to learn and will do anything for a treat. He could be a great match for someone looking for a beginning sports dog. Ranger loves playing and does great with most dogs. He is a typical herding dog who looks for anything to chase and gets a little excited when he sees other dogs or cats moving around.

He is kennel and potty trained. He is a great mouser and would love a yard to run around and hunt. He would also be just as happy to hangout in the house with his family. He is fixed, fully vaccinated and is ready for his forever home.

There are a record number of dogs and cats being abandoned, and they need as many foster homes as possible.
