

Muddy Paws

Pet Care & Training Services

July Announcements

- **August 15th through 19th:** Paige will be out of town during these dates, but Muddy Paws will still be open for select services. Any inquiries that are received during this time will be responded to when she returns!

- **Pack Walk Schedule:** Let us know if you are interested in joining us for a pack walk!

Sunday, August 11th 9:30AM-10:30AM

Friday, August 23rd 5:30PM-6:30PM

- **Adventure Walk Schedule:** The Adventure Walk schedule is staying essentially the same. Let us know if you are interested in joining!

Every Thursday 11:30AM - 1:00PM (1st, 8th, 15th, 22nd, 29th)

Every other Monday 2:30PM-3:30PM (12th, 26th)

Every other Tuesday 2:00PM-3:00PM (6th, 20th)

- **Heat Safety:** Summer is flying by! However, the temperatures are still high, so be sure to keep your dog cool and hydrated. This is

and eat either. You can use it for almost any animal, including chickens and horses. On top of all of that it is also non-toxic and made using only the highest quality 100% Natural Food-Grade Waxes & Oils. Overall, it's a must have for me that I highly recommend.

Musher's Secret

Product Recommendation

Waggle Pet Monitoring System

This is not the exact pet monitoring system I have (I could not find it online anymore), but this one is the same thing. It is a wireless dog safety temperature and humidity sensor. These are a great choice if you travel a lot and need a way to monitor the temperature of contained areas like RV's, campers, or tents. When the temperature or humidity begins to enter a dangerous level, it sends an alert to your phone.

begins to enter a dangerous level, it sends an alert to your phone.

However, I will also say that if you are thinking to keep an eye on the temperature of one set place for a long time, most generic baby monitors also have temperature alerts. So you don't necessarily need to buy the more expensive wireless one in that case. Also, definitely make sure that the monitor you buy is compatible with your phone before purchasing!

Featured Pets Looking for Fur-ever Homes!

Ada

My name is Ada, I am a 1 Year old red coonhound. I currently weigh about 50 lbs, and I am pretty close to full grown. I love people and other dogs although my foster mom keeps telling me 'I'm a bit much' for some friends. My favorite activities are bird watching, trail walks, zoomies with my puppy friends and playing ball. I am very food motivated. True to my hound breed I have endless energy and like to make my strong opinions known by howling on occasion.

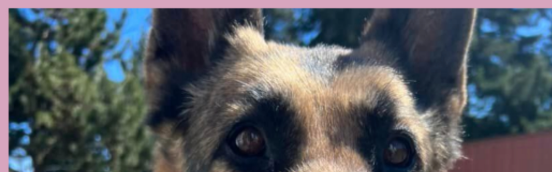

I am very smart, I already know my name, how to come when I'm called, sit, kennel trained and I am fully potty trained. I am looking for a human who will be able to keep up with my energy to keep me from finding trouble. I will also need ongoing training and socialization to help me grow up to be a wonderful companion. My ideal home will have no kids under 10 years old, no small animals (cats, etc.) and a fenced yard.

If you are interested in adopting Ada, or want to check out other adoptable pets, visit this

website: <https://www.arrfanimalrescue.org/adopt.html>

Davis

Davis is a 7 year old German shepherd. He loves people, fetch, and snacks. He is an incredibly sweet boy, who is working on

still very high and it's important to remember pet heat safety. This is a friendly reminder not to leave your dog in a car under any circumstance, make sure they are getting enough water, and make sure to protect their paws from burning on hot surfaces.

Product Recommendation

Musher's Secret Dog Paw Wax

Musher's Secret is a great product for a multitude of reasons, but the main reason I wanted to include it this month is because it can be used as a barrier against hot surfaces on your pets paws. I do recommend booties if you have a pet who is especially paw-sensitive or if your going to be somewhere especially hot, but Musher's Secret is great for those who may fight the booties or don't need quite that much protection. It can also be used for many other reasons, including protection against extremely cold weather as well, which is definitely something we experience here. This product can also be used on noses, ears, elbows, or other hot spots your pet may have. It's not just for dogs and cats either! You can use it for almost any animal, including chickens and horses. On top of all of that it is also non-toxic and made

sweet boy, who is working on getting healthy and ready to find his very own forever person. Davis is from Yakima, where he was found abandoned. However, it seems as though he definitely had an owner at some point because he knows how to fetch, sit, come, and is fully potty trained and crate trained. He loves all people, and will make an amazing companion.

If you are interested in Davis or other adoptable pets, visit this link: <https://josiesmisfitranch.org/our-animals-to-adopt>

If you are interested in fostering animals, please press the button below or follow the QR code!

There are a record number of dogs and cats being abandoned, and they need as many foster homes as possible.
