## Pet Care & Training Services

### June Announcements

- **New Service Openings:** We do have openings for all of our new services. Let us know through text or email if you are interested in joining a pack-walk, adventure walk, or a beginner's trick class. We'd love to have you!
- **Tick Season:** The ticks are out in full this year. Make sure to check your dog after any outdoor adventure to avoid illness. Tick keys are a valuable tool for tick removal if you don't already have one.

### Brand Recommendation

K9 Ballistics Dog Beds

K9 Ballistics Dog Beds are a great option for dogs that are light chewers and need something a bit more durable in their kennel. They come in a wide variety of sizes, from Extra Small (23" Long, 17" Wide) to Extra Extra Large (53" Long, 36" Wide), so there is something perfect every dog and kennel size. They are water resistant, have anchor point tie-downs, a black non-skid ballistic bottom, and are designed with diggers and scratchers in mind. There is also the option to add your pets name to the bed in a variety of vinyl colors, and that customization only costs \$12 extra. The one pictured above is not the only style they have, so I encourage you to check out the website if you are interested!

Although there may not be any true solution to bedding for dogs that love to destroy, this is definitely one worth trying if you have struggled thus far.

## Supplement Recommendation

### Super Snouts - Super Shrooms

Super Snouts overall is a brand that I would recommend, but the Super Shrooms supplement is one that I use for my own pets. This recipe is specifically focused on supporting a balanced immune system for your pet. The promote your dog's innate resistance to pathogens and maintaining a healthy response to everyday allergies. They can also be used as a daily supplement for normal seasonal or skin allergies.

It can be used after the age of six months on top of wet or dry food. It is recommended that you give one scoop per 25lbs. of body weight daily. Everything is grown, harvested, and crafted in the USA.

## Featured Pets Looking for Fur-ever Homes!

### Ada

My name is Ada, I am a 6 month old red coonhound. I currently weigh about 45 lbs, so I will likely be a pretty big girl when I'm all grown up. I love people and other dogs although my foster mom keeps telling me 'I'm a bit much' for some friends. My favorite activities are bird watching, trail walks, zoomies with my puppy friends and playing ball. I am very food motivated. True to my hound breed I have endless energy and like to make my strong opinions known by howling on occasion. I am very smart. I already

occasion. I am very smart, I already know my name, how to come when i'm called, sit, kennel trained and I am fully potty trained. I am looking for a human who will be able to keep up with my energy to keep me from finding trouble. I will also need ongoing training and socialization to help me grow up to be a wonderful companion. My ideal home will have no kids under 10 years old, no small animals (cats, etc.) and a fenced yard.

If you are interested in adopting Ada, or want to check out other adoptable pets, visit this website: <https://www.arrfanimalrescue.org/adopt.html>

## Davis

Davis is a 7 year old German shepherd. He loves people, fetch, and snacks. He is an incredibly sweet boy, who is working on getting healthy and ready to find his very own forever person. Davis is from Yakima, where he was found abandoned. However, it seems as though he definitely had an owner at some point because he knows how to fetch, sit, come, and is fully potty trained and crate trained. He loves all people, and will make an amazing companion.
