Brand Recommendation

Project Hive Pet Company

Project Hive Pet Company not only makes high quality toys and pet treats, but they are also working on an important mission. With every purchase from their company, they plant wildflowers in order to restore vital pollinator habitat that nourishes and sustains the ever dwindling bee population. Contributing to a healthy bee population is contributing to an overall healthy planet for all of us.

This company is considered a climate neutral brand, and they are continually analyzing the impact of their business and making as many improvements as possible. They do have a lot of information about their mission on their website if you are interested in reading more about it.

Each of their products is not only made as sustainably as they possibly can be, but they are also high quality products for your pup to love. Their toys are durable, bouncy, and multifunctional, as well as being able to float! Their treats are non-GMO project certified, vegetarian, with no artificial dyes or flavors, and they even add a touch of sweetness with a little honey!

I recommend this company if you are interested in not only high quality products, but making a difference with your purchase as well.

Small Business Product

Interactive Snuffle Mat

Snuffle Mats are one of the many dog enrichment products that I have mentioned before. They are great for entertaining your pup and reducing the mischievous activity your dog may get into at times.

mentioned before. They are great for entertaining your pup and reducing the mischievous activity your dog may get into at times.

This specific one is a great option if you are trying to support a smaller business, and there are many more of them on websites such as Etsy. This specific shop is called Best Pet Products, and they do have a lot of other options for you to browse as well. Snuffle Mats are also pretty simple to make yourself if you are a fan of DIY!

Featured Pets Looking for Fur-ever Homes!

Shadow

Shadow was named because he loves to follow his humans around. His favorite activities are rubbing your legs and arms and sharing all his ideas about what he's thinking, as he "shadows" you around. Yes, he has four legs, but being carried and petted is one of my favorite aerobic activities, for you. If you are looking to improve your overall health and happiness, he is the most loving, charismatic and humble feline that you could ask for.

If you are interested in adopting Shadow, or want to check out other adoptable pets at ARRF, visit this website: <https://www.arrfanimalrescue.org/adopt.html>

Davis

Davis is a 7 year old German shepherd. He loves people, fetch, and snacks. He is an incredibly sweet boy, who is working on getting healthy and ready to find his very own forever person. Davis is from Yakima, where he was found

Yakima, where he was found abandoned. However, it seems as though he definitely had an owner at some point because he knows how to fetch, sit, come, and is fully potty trained and crate trained. He loves all people, and will make an amazing companion.
