

Randy Kopp

Junior Varsity Defensive Backs Coach

Coach Kopp is entering his fourth full year of coaching at Naples High School. Coach Kopp will coach the junior varsity defensive backs as well as continue to assist with varsity game analysis and scouting. He and his family came to Naples from New York where Coach Kopp was the defensive coordinator at Hauppauge High School. At Hauppauge he helped lead the Eagles to their first ever back to back playoff years as well as their first Big Four Championship and County Finals appearances. Prior to his time in the high school ranks in New York, Coach Kopp worked for the Atlanta Falcons, New York Giants and was a consultant to various college programs. While with the Falcons, he had various responsibilities including game analysis, pro personnel, college personnel and offensive/defensive quality control all resulting in the development of programs to aid in each area. The son of a retired high school and college football coach, Coach Kopp has been roaming the sidelines for most of his life. He played his high school football at Riverhead HS, NY and his college ball at Stony Brook University, NY. In addition, Coach Kopp was heavily involved with the local youth leagues providing clinics for parents, players and coaches. A founding member of the Southwest Florida Youth Football League, he also coached the local 8th grade Youth National Championship team representing Southwest Florida which made it to the final 8 in the country for 2013. Coach Kopp is grateful for the love and support of his family—his wife Stacey, son Josh (24), daughter Brittani (21) a Naples High grad, and son Tyler (19) currently a Marshall University Thundering Herd student/football player.
