I. **THE SITUATION:** This is the “target” of the work. If this isn’t accurate, shuffle, clarify your question, reframe your intent, and start over.

II. **THE SPELL:** This describes the nature of the work. Once again, if this isn’t accurate, clarify the question, reframe, and start over

III. **THE PAST:** This is what you’re bringing into spell from your past, this is often a warning about something you need to guard against.

IV. **THE FUTURE:** This is the outcome of the working as you are currently planning it.

V. **THE ROOTS OF THE WORK:** This recommends deities, materia, or other “outside powers” you should consider drawing on for this working.

VI. **THE HEAVENLY REACH:** This recommends methods, mind states, and other “internal factors” you should consider drawing on for this working.
