## ***The Prez Sez***

Hello Carvers. Let me say that anybody that did not attend the Spit and Whittle missed a good time. All carvers that attended had a lot of fun. There were some real good projects. There was a good attendance. Everyone seemed to agree that this change of venue was a good move.

The next thing was on the get together at the Drakes. This is going to be an annual get together for carving. This was attended pretty well. The potluck was fantastic. Maybe we will see more carvers next year.

When Karen realized how much Don did to help with the set up and tear down, and being that this year he is recovering from surgery and couldn't help much, she decided it was time to let someone else take over. ***Woodcarving show for 2018:*** Randy Johnson in charge. Dates will be April 13, 14, and 15. Question of if we want to judge on Friday night and pay extra \$ or on Saturday am? Randy will call a show committee meeting in next few months to discuss this and other stuff.

***Cabella demonstrations:*** Randy Johnson in charge. Sandy Rose and Karen Miller volunteered to fill in any empty spaces.

***Spit and Whittle:*** Carl Knust and Rob Stobbe in charge. Camping will be dry camping and allowed on Fri and Sat night only. We will have 2 honey buckets available. No electricity so a generator is mandatory if you need electricity. No drinking water available, barn is off limits and must not go into garden area.
