GLOBAL HUMILIATION OF THE U.S.

WRITTEN BY: ASHOK DHILLON

Ashok Dhillon has 40 years of front-line business experience in Canada and International markets.

His extensive experience in securing and negotiating multi-hundred million and billion dollar mandates has given him an in-depth knowledge and intuitive insight into macro and micro, national and international, geo-political and economic realities and trends.

Mr. Dhillon has been invited to speak on international business at various forums, including as an expert witness for the Standing Senate Committee, Government of Canada, on "The Rise of Russia, China and India".

As the World watched incredulously, the most powerful Country in the World, and the most powerful leader in the World, got humiliated by its most dependent "friend and ally": Israel.

Decades of providing Israel with unlimited money, arms, a nuclear arsenal, and iron clad protection from its enemies, did not prevent the Prime Minister of Israel from coming to Washington and launching a blistering attack on the naivety of President Obama and his Administration from the very spot the President of the U.S. gives his most important speeches to the American People: the "State of the Union Address". The symbolism was not lost to the World that watched in astonished horror.

GLOBAL HUMILIATION OF THE U.S.

To the enemies of America it must have been the most awesome day. Prime Minister Netanyahu managed, with the gleeful and proactive assistance of the Republicans, what no enemy of the U.S. has been able to do – humiliate America and its sitting President, in front of a watching world – in real time!!

Beyond that Netanyahu was his usual fear-mongering best, sending shivers of anticipatory thrills to a frightfully ignorant and still war-mongering Republican Congressmen and Senators, in majority, in the Joint House. The absolute destruction of Iraq on similar untruths, and the mass destabilization of the Middle Eastern countries by the West, in the recent years, is obviously not enough. There is still the element in the U.S. and Israel that will not rest till Iran is also similarly disabled as a Nation. Using diplomacy is not only, not acceptable, but it must be sabotaged, which he very effectively tried to do today.

The fact that Iran **has not** been able to develop any nuclear weapons **in the decades** that it has been accused of building one was a fact that neither Netanyahu nor his cheerleaders were interested in listening to, or recognizing. The facts that Netanyahu has warned the World for years (19+) that Iran is on the eve of having a bomb, and that it still hasn't acquired or built one, are also details that are "inconvenient truths for Netanyahu and the Republicans that revel and profit from war.

Netanyahu and the Republicans also ignored the fact that Israel's own Intelligence Agency, Mossad, has on a number of occasions reported that Iran is not anywhere near to building the bomb. Netanyahu ignores that too, and all facts, and keeps repeating the same loud Armageddon-warnings, because it helps his political cause. Obviously there are enough like him in the U.S. Congress and the Senate.

Remember this? Netanyahu addressing the U.N. in 2012 and declaring that Iran, '**possibly within months**' will have a bomb:

Netanyahu has been talking about Iran having a bomb and its catastrophic results on the World for close to two decades. *Still no bomb.*

In fact Iran is actively negotiating with the **5** permanent members of the U.N. Security Council plus 1, namely **the U.S., Great Britain, France, Russia, China and Germany**, to come to a diplomatic resolution about its nuclear program (which it insists is for peaceful purposes, like generating electricity etc.). But in his speech Netanyahu ignored the fact that there are six (6) major countries negotiating the “Agreement” with Iran, not just the United States. His inference is of course that only he and Israel can do better and all the other countries are simply too naïve, stupid, and easily duped by Iran.

The fact that the U.S. and President Obama have over and over reiterated that Iran **will not be allowed** a nuclear weapon at any cost also does not register with Netanyahu or the Republicans, as they pressed ahead to globally humiliate Obama and his Administration and prime the war machine.

America’s public hijacking and humiliation will go down as the most audacious political stunt in modern history pulled by an embattled (at home) foreign Prime Minister and a poisoned and self-hating Republican Congress and Senate.

The day itself, March 3, 2015, will go down in history as “The day the biggest dog in the world got wagged by its most troublesome tail.”
