A standard candle lighting is usually 16 to 17 candles but you may have more or less if you desire. * If your first choice song is not on our recommended list you must supply a second choice which is, unless you can provide us with a copy on CD , MP3 or IPOD.

Also may we recommend starting the candle lighting with anyone who could not make it or is deceased first, then grand parents , then uncles/aunts, cousins, friends, brothers or sisters and parents last. Parents, you will have a great photo opportunity with the candles lit at the end.
