It is a 2600 sqft office with freeway signage off of highway 50. All agents are welcome to come and use the office to work, meet clients, and conduct business. I have ordered a custom conference table, hand made by Iron & Plank, which is sure to impress your clients.

TC SPOTLIGHT

Big Thank You to: Bonnie Foster for her dedicated service and assistance. She has assisted many of our agents with closing their real estate transactions as smoothly as possible even on some tough closings.

I know personally that she has even gone to a relative's house to pick up a generator to help a desperate agent when PG&E cut power to millions of homes in 2019. I can, with confidence, back her T.C services and encourage you all to give her your business and see how a T.C service can help increase you production in 2020.
