National Teaching School
designated by

National College for
Teaching & Leadership

This foundation level, two day course targets the teaching of attention, communication and social interaction skills, equipping attendees with the skills to set up and run the 4 stage Attention Autism programme.

Objectives

- To build both the participants' practical skills and confidence required to set up and run the programme
- To focus on the practical aspects of intervention, working in a team and offering an irresistible invitation to learn.
- To demonstrate techniques using both films of the work with children and practical hands-on experience
- To share ideas for activities
