

# advanced language groups

**Have you tried language groups out in your setting? Are you getting stuck for ideas of where to go next?**

Come and enjoy a session on language groups, and extend your practice. We will recap language groups, you'll have a chance to share your successes so far with others, then gain some new ideas and have a go at making resources to use in your setting.

## Objectives

- Recap the reason for language groups and how to run them
- Gain ideas for activities to use in language groups, including activities linked to the Letters and Sounds programme and Language Link assessment (used in Year R)
- Make resources to use in your group

## Delivered by

Emma Payn, Pre-school/Year R Outreach Worker  
Natalie Ellison, Thomas Outreach Programme Worker  
Sarah Watson, Communications Assistant
