

enriching child initiated learning

A 2 session workshop designed to support practitioners in broadening and deepening a child initiated interest enabling their development. It will demonstrate the importance of working in partnership with your colleagues in supporting the children's interests, well-being and learning whilst recognising where in the EYFS the learning is taking place.

Objectives

- To share the process of children's play and learning and how to build upon their interest
- To show the EYFS links that were made in growing our own child initiated interests
- To discuss methods of planning and responding to children's interests

About the trainers

Delivered by Sue Evans (Lead Practitioner for Outdoor Learning & BA Hons Education & training studies) & Dawn White Forest School Level 3 Leaders.

They are both highly skilled practitioners with current, hands on experience.

Other information

This course comprises 2 sessions – an initial 90 minute session in March with a 1 hour follow up session in April.

Tea and coffee will be provided.
