FREE OLDER ADULT MEDICATION REVIEW

The American Geriatrics Society recommends having a health care professional take an in-depth look at your medications at least once per year, for several reasons¹:

As we get older:

- The brain becomes more sensitive to drug effects
- Medications stay longer in our body because we have less muscle and more body fat
- Our liver and kidneys do not process medications as efficiently as when we were younger
- Our body contains less water and medications can become more concentrated

When this happens, harmful effects include:

- Drug interactions
- Falls and fractures
- Memory problems
- Hospitalizations and higher risk of death

A board certified geriatric pharmacist can work with you and your doctor to help accomplish a medication safety review to save the valuable time you spend with your doctor during an office visit

Meetings can take place at your home (in the Fort Wayne area) or over the phone

Benefits many experience are:

- Taking less medications
- Having a simpler medication regimen that is easier to follow
- Experiencing less side effects from medications and avoiding effects of medication overuse
- Fewer drug interactions that can cause side effects or loss of effect from other medications
- Better control of medical conditions

Live, here. For the best of your life

Independent Living—Beautiful homes are within walking distance to the Community Center and dining, promoting independence and accessibility. Maintenance free/worry free homes include appliances and utilities. One, two and three bedroom options are available.

Assisted Living—A wonderful option for those who need additional support with daily living tasks and basic care support in a home environment. Golden Years Assisted Living nurses and licensed caregivers provide attention and assistance 24-hours a day. One and two bedroom apartments with kitchen are available.

Healthcare—A radical departure from the traditional health care model, Golden Years Homestead is proud to be a pioneer for our innovative “neighborhood style.” Residents feel like they are part of a family, sharing a living and dining space, as well as the same nursing staff day after day giving consistent, higher quality care.

Rehabilitation—Sometimes as we age, things don’t work the way they used to. With a little therapeutic intervention and the latest equipment, we can often get back on track. Golden Years offers outpatient physical, occupational, and speech/language therapies for all ages. We are in network with United Healthcare, Anthem, Aetna, and Medicare.

Thank You to our Advertisers For Your Support!

COSS appreciates and wants to thank our advertisers that placed ads in this year's resource guide for their support. Your support makes it possible for Council on Senior Services to produce, print and distribute the guide FREE in our community and surrounding areas.

When available, excess revenue is returned to the community in the form of grants to local non-profits, organizations and businesses that serve the needs of seniors.

Over A Quarter Million Throughout the Years!

SAFENET Identification Program

HOW THE PROGRAM WORKS

In cooperation with local law enforcement and first responders, the SAFENET program assists in identifying individuals in the community that experience confusion, are lost, have a medical event and/or incident requiring EMS or law enforcement. These events can happen to anyone without warning and are especially dangerous to at-risk individuals.

SAFENET offers an optional bracelet that has participant's name, allergies and medical diagnosis to assist first responders.

This FREE service gives participants peace of mind to be active in our community with a safety net in case of an emergency.

The type of information stored in the secure Allen County identification system is:

- Name, address, phone number
- Picture (Optional)
- DOB, height, weight, hair/eye color
- Identifying body scars/tattoos
- Pertinent medical conditions
- Contact name and phone number

HOW TO PARTICIPATE

1. Please detach the application, fill out the form, seal and mail to:

COSS Grant Criteria

The program request must follow the Mission Statement of the Council on Senior Services...To promote services and benefits of seniors and their caregivers in North-eastern Indiana through a not-for-profit network catering to the aging population.

A maximum total amount will be awarded annually via the COSS grant process. The amount requested and the annual maximum award per organization is not guaranteed. The awarded amount will be determined by the COSS Board of Directors.

The focus of each request should mirror the purposes of the Council on Senior Services. These purposes include providing education, information and advocating for seniors. These purposes are to be accomplished using a grassroots approach. Grant recipients are notified and checks are awarded at the November membership meeting.

In order to continue to qualify for subsequent grant awards, a written report evaluating the project will be required by the COSS Board of Directors by May 1st. There will also be an opportunity to provide an oral report to the general COSS membership at the May meeting.

Safe at Home

THE PROBLEM

Every year emergency personnel respond to hundreds of telephone calls to homes where there is a possible emergency situation, but are unable to gain immediate access. It may be a concerned neighbor or a family member who has a fear for their safety or a 9-1-1 call that is answered, but the caller is unable to speak.

THE SOLUTION

Registering in the Safe at Home Emergency Registration System will provide important contact information to emergency personnel before an emergency occurs. The information you give is strictly voluntary, confidential and could save your life. Safe at Home information is entered into the computer system shared by police, fire and EMS services throughout Allen County.

HOW TO ENROLL

Seniors or family members may complete the FREE enrollment form and mail it to the address on the form. You or your family member will receive a postcard confirming enrollment and will receive bi-annual calls to update information. For more information, call 260-469-3036 or visit www.fwpd.org/prevention or www.allencountyhealth.com
