INTRODUCTION

By Paula Sanford

How many times have you been distressed in your soul because things seem to be beyond your control? How many times would we desire a word from God and hope that His “servant the prophet” would clearly have a word of instruction? Who would clearly show us the way, as in our fathers of old? – Has anything changed?

PREFACE

Poverty is deadly. But more deadly is ignorance to your God given talents, resources, abilities or gifts that could unlock the door of financial harvest.

The key that will open the door of prosperity beyond your wildest dreams is already in your hands, it's just awaiting your recognition of it.

There's money in your house! I've preached this message countless times with amazing testimonies following.

This is a secret that has worked for me. And it will work for you. This is the principle I used to publish my first book. It is this same principle that got a column for me in a National Newspaper. I have done projects worth millions of Naira without a dime in my pocket by applying the secrets in this book.

When I say money "in your house" I don't necessarily mean in your physical house. To say

As you read from chapter to chapter in this book, the message will be clearer to you.

For over a decade God has given me countless financial miracles through this powerful principle found in the simple story of the frustrated widow with unpaid bills.

A certain woman of the wives of the sons of the prophets cried out to Elisha, saying, "Your Servant my husband is dead, and you know that your servant feared the Lord. And the creditor is coming to take my two sons to be his slaves".

So Elisha said to her, "What shall I do for you? Tell me, what do you have in the house?" And she said, "Your maidservant has nothing in the house but a jar of Oil".

Then he said, "Go, borrow vessels from everywhere, from all your neighbors – empty vessels; do not gather just a few".

And when you have come in, you shall shut the door behind you and your sons; then pour into all

So she went from him and shut the door behind her and her sons, who brought the vessels to her; and she poured it out.

Now it came to pass, when the vessels were full, that she said to her son, "Bring me another vessel". And he said to her, "There is not another vessel". So the oil ceased.

Then she came and told the man of God. And he said,

"Go, sell the oil and pay your debt; and you and your sons live on the rest".

2 Kings 4:1-7

At least eight great keys in this wonderful story have changed my life. For me and several thousands of others I have shared it with, it is the Almighty Formula for Riches.

Join me in this awesome adventure and your life will never remain the same.

CHAPTER 1

**SAY NO TO
POVERTY**

“You are at this present level of life based on the choices you made in the past. You will be where you will be tomorrow based on the choices you are making now. So what are the choices you are making now? Poverty or prosperity?”

CHAPTER 1

SAY NO TO POVERTY

A certain woman of the wives of the sons of the prophets cried out to Elisha, saying, "Your Servant my husband is dead, and you know that your servant feared the Lord. And the creditor is coming to take my two sons to be his slaves".

2 Kings 4:1

WHAT IS POVERTY?

Condition where a person's basic needs for food; clothing and shelter are not being met.

Business Dictionary.com

I define poverty as the inability to monetize your skills, expertise, experience or talents.

Say no to poverty and a life of misery. Whatever you resist cannot persist. The woman cried out because she was not willing to continue the life of misery.

AN OPEN MOUTH IS AN OPEN DESTINY

An open mouth is an open destiny. A closed mouth is a closed destiny. When you close your mouth you close your destiny, but when you open your mouth you open your destiny.

Make these Prophetic Declarations:

That curse of poverty is not mine.

I refuse to accept what the economy of this world says because I flow with the economy

I move into the realms of unlimited prosperity.

Cain in the Bible rejected the curse from the Living God. If a mortal man can reject the curse of the Creator of heaven and earth, so what is it that you cannot reject? What is it that is happening in your life that you cannot reject? God did not curse you yet you are under the influence of poverty; reject it now.

WHAT YOU CHOOSE IS WHAT YOU BECOME

The first reason why this family found themselves in a miserable condition was the choice they made. The moment the woman decided to choose freedom, her life and that of her family changed.

What you choose is what you become. The Prodigal Son asked his father to give him his share of the property and the Father could not stop his choice.

God said in Deuteronomy 30:19 *“I call*

THERE IS MONEY IN YOUR HOUSE

God said in Deuteronomy 30:19 "I call heaven and earth to bear me witness this day that I set before you life and death, blessings and curses choose". The day you chose that man as your husband was the day you accepted a blessing or a curse.

God wants you to be successful but if you choose not to be, God cannot do anything about it. The Prophet died in debt and penury despite the fact that he had access to all the good things of life. Man is a free moral agent. You choose to be successful or you choose to be a failure. You choose to be blessed or cursed.

No matter the level of prayer made over your head, if you choose not to be great you will not. Despite the fact that the man was a Prophet, he died in poverty and left the family in slavery. Your choices determine what you suffer or enjoy. When you look at a man who is a womanizer and decide to marry him believing God that he will change, you have signed your own heart break.

You are at this present level of life based on the choices you made in the past. You will be where you will be tomorrow based on the choices you are making now. So what are the choices you are making now? The choice of friends or who you hang out with determines your prosperity or poverty.

DON'T DIE WITH WHAT IS NOT WORKING

During the first few weeks of having a Column in a National Newspaper I did not receive the kind of business leads I expected. I began to meditate on what could be the problem. I discovered that my articles were not written in such a way that people will call me to solve their problems. Instantly, I changed the way I used to write the articles. Guess what happened? You guessed right. People started calling for my products and services.

NO EXCUSE FOR FAILURE

I saw a book some years back written by a man that was born without hands and the title was "No Excuse for Failure". Despite his condition, he is motivating and inspiring others to succeed. A man that was born without hands shouldn't have thought about writing a book. Am sure by now, he must have written other books.

The late Arch Bishop Benson Idahosa of blessed memory was thrown inside the refuse dump by his father because the man felt feeding him was a waste of resources. Thank God for the Mother who picked him up in the midnight and took him to his Uncle. But the amazing part of the story is that he became the greatest black Man in his time. He preached the gospel in over 120 Nations, founded a University, built a Ministry with branches across the globe, raised thousands of Christian leaders and his impact is still speaking. He refused to allow the rejection of the Father to determine his position in life. It is your turn for amazing success!

DON'T SETTLE FOR LESS, GO FOR THE BEST

Don't settle for less, go for the best. The Woman made up her mind to go for a higher life that was why she cried out. Lazarus in the Scriptures settled for crumbs, that was why he died in penury. The best cloths, cars, jewelries and the all the wonderful things of life are meant for you; don't ever settle for crumbs.

The people around you that are enjoying the good things of life are not better than you. They are not superior to you. Why will you be the one to get the leftovers? Life can only give you what you demand. If you demand for the best, the best comes and if you demand for the less, the less comes.

INITIATED INTO PROSPER

Salvation is a complete package. It is not just deliverance from sin but deliverance from poverty also. The Scripture says "we know the grace of our Lord Jesus Christ that though he was

THERE IS MONEY IN YOUR HOUSE

So Jesus died for me to be rich. He sacrificed his own blood to make me rich, so poverty is against the covenant, poverty is against the sacrifice. I want you to catch the revelation because the moment it enters your spirit, no devil can put you in poverty again.

The very Day you accepted Jesus Christ as your Lord and personal Savior, you were initiated into everlasting prosperity by His blood that was shed on the Cross of Calvary. You have been initiated into the blood of wealth. From this Day forward, you will enjoy uncommon prosperity. I want you to believe the Lord Jesus Christ for financial success the same way you believed Him for the forgiveness of your sin.

WHATEVER YOU RESIST CANNOT REMAIN

Whatever you resist will leave your life. Whatever you resist can never persist. You can put a stop to every evil occurrence. If the woman did not resist the misery by crying out, her misery and that of her generation would have continued till the end.

...Resist the devil and he will flee from you.
James 4:7

SAY IT AND HAVE IT

Dou you know that President Obama while in Elementary 3 Class was asked what he would love to become when he grows up? He answered without hesitation that he would love to be the President of America. Before he became the president, there was an unwritten law that no black man will rule America, but the man said "I'm going to be the president of America".

Begin to make declarations no matter who is angry, happy or sad. I have always been saying that I will preach the gospel in all the nooks and crannies of the world and it is manifesting already.

In summary, don't forget that an "Open Mouth is an Open Destiny but a Closed Mouth is a Closed Destiny". Say no to lack and want.

THERE IS MONEY IN YOUR HOUSE

In the following chapters, you will discover how to monetize your skills, expertise, experience, talents or what you already have.

May The LORD give you understanding!

CHAPTER 2

**PROSPERITY
BEGINS WITH
WHAT YOU HAVE**

“Whenever you are faced with desperate needs and overwhelming challenges, look to God and ask Him to help you see the seed of prosperity already in your hands.”

CHAPTER 2

PROSPERITY BEGINS WITH WHAT YOU HAVE

So Elisha said to her, "What shall I do for you? Tell me, what do you have in the house? And She said, "Your maidservant has nothing in the house but a Jar of Oil."

2 Kings 4:2

The key to prosperity is letting God use what is in your hand. This is the principle that has helped me to achieve all that I have over a decade now.

THERE IS MONEY IN YOUR HOUSE

It is pitiful how many projects die an untimely death, simply because of the flimsy excuse “We don't have enough money”.

Like the poor widow, we get so caught up in what we don't have that we do not see the possibilities in what we already have. Elisha, after redirecting the widow's faith, asks, “What do you have in the house? She did not need a new vision of her need. She was well aware of that. What she needed was to recognize that God had already given her the seed for her financial miracle.

THE PROSPERITY WITHIN

Whenever you are faced with desperate needs and overwhelming challenges, look to God and ask Him to help you see the seed of prosperity already in your hands.

God's contact point for financial success is always within your reach. Until you recognize that seed, you cannot grow it into a financial harvest.

PROSPERITY BEGINS WITH WHAT YOU HAVE

God sees your abilities and not disabilities. He is concerned about your possibilities and not impossibilities. The prerequisite for tapping into supernatural supplies is to fix your eyes on what you can do and the potential of the seed in your hands.

START WITH WHAT YOU HAVE

Bishop David Oyedepo's enviable publishing ministry started with only 200 Naira. But today, his Books are listed in the largest book stores in the world with over 60 titles.

I started my publishing ministry with 10, 000 Naira which was my salary in 2006. Today, I have enjoyed limitless wealth from my books.

Dr. Sunny Obazu-Ojeagbase, started his Business with N6500 naira only but today he has chains of successful businesses.

Larry Izamoje, started Brilla sports FM with nothing more than a table, 2 chairs, and an old

THERE IS MONEY IN YOUR HOUSE

The harvest you want will always be inside the seed you have. You don't need to look too far for your breakthrough. What you need is already inside what you have.

Whatever you have in your hand will create anything you want. Everything you need in your life is already in your life mere awaiting your recognition of it. When you decide to use what you have, it can turn a lifetime of failure into that of unequalled success.

Your wealth is too near to you. You are working right over it. Arise, trust in God and believe in the great opportunities that are right here – not over there, but here – for business, for everything that is worth living for on earth. The opportunity to get rich, to attain unto great wealth, is around you and all it takes is your discovery of it.

YOUR PROSPERITY OIL

What is your prosperity oil? What can the Lord

PROSPERITY BEGINS WITH WHAT YOU HAVE

There is a rich endowment on your inside, but you are not financially prosperous because you can't see it. Elisha asked the widow, "What do you have in the house?" You are indebted and poor today because you haven't located that rich deposit on your inside. There is something you have that is crying for expression. You will discover it today!

You have what is needed to become rich and wealthy! Let your eyes open to see the seed in your hand that can create a financial empire beyond your wildest dreams.

WHAT YOU HAVE IS ENOUGH

What does it take to become a bestselling author? It takes only talent, a pen and a note book. What does it take to become a star in Sports? All you need is the talent and the willingness to do exercise. What does it take to start a multi million naira business? A dream and a good business plan. What you have is enough, if you can discover it and make use of it.

ACHIEVING MUCH WITH LITTLE

It doesn't cost too much to have letterheads and business cards printed. So you can begin almost anything – for very little cash. You can publish your book today and make it available to millions globally at the click of a mouse without spending a dime.

Dreams cost nothing. All great projects begin with a dream. An idea, an article in the newspaper, the freedom to get business partners may cost you nothing.

TAPPING ABUNDANCE LIKE A NATURAL RESOURCE

Never before in history has life offered so many opportunities for so many people as at this turn of the new millennium. The revolution in information technology means that mankind has tapped an immense resource unknown to us at any other time in history. This resource is information. The availability of information via the media, internet, print and education allows us to equip ourselves with unique skills and

In fact, we live in a threshold of a golden age with opportunities surrounding us in every walk of life.

But there is another important resource which has been ignored for a long time. For the first time in history man has the ability to unlock the hidden potentials of his own nature and link it with the immense wealth of opportunities created at the turn of the new millennium.

By understanding who you are and by bringing your whole life experience into focus you can empower yourself to tie all your wealth of experiences and knowledge into the multitude of opportunities surrounding you to make money, even fortunes, just by learning how to apply your unique skills to the outside world.

BECOMING MORE PROSPEROUS WHEN BUSINESS GOES DOWN

It is a law of nature that things don't always go in straight line. I don't know of a single business person who has not complained and worried

THERE IS MONEY IN YOUR HOUSE

A year after my friend in U.S.A had great success with his business; his accountant came to him and asked him what had happened. He wasn't earning half as much as he did the previous year. A major contact for one of his largest clients had left the company and had taken all the work with him. He had also lost a big sum of money on the stock market and in a new product he launched.

When all these happened, he focused on other things he can do. He began to focus and develop his key skills and a year later a book on his work was published. He made new contact with different people. He got an agent, who took his work into every corner of the globe.

So when things are not working in your business or finances the way it ought to, all you need to do is to look inward. There are untapped resources and riches on your inside. The widow in our story had the pot of oil in her house but could not harness it until she encountered a very big financial problem. The riches that came after, was much more than she had ever

THE STARTING POINT OF RICHES

Theodore Roosevelt once said, "Do what you can, with what you have, right where you are". If you, like most self made Millionaires across the globe, are starting off broke or with very little money, where do you start? The answer is that you start by discovering what you already have in your hands. It could be your talent. It could also be a dream or a skill. You become rich by applying your talents and resources to the opportunities that you can discover or create.

THE TREASURE IN YOU

Recently, my sister in-law made a statement that touched me. She said, "Whenever I am hungry, I remember my talent." That is to say that if this young chap will consistently make use of her talent, she will never be broke.

In August 2010, I was a Resource Person in a National Success Summit alongside other top speakers in the corporate world. During the course of my speech, I asked the audience a

EVERYONE HAS A TALENT

We all have talents. The pointer to your unique talent is to closely look at anything that flows out of you on a natural frequency. Anything you can do with easy is a huge sign that you are wired to function in that area. You came into this world endowed with unique abilities. You were programmed as it were to function in a particular field of endeavor. Those who excel in life have learned to trade their talents for money.

DEVELOP YOUR TALENT

Training exposes you to the full potential and inner workings of your abilities. Training is required to maximize the full potential of your talent. Michael Jordan the basketball legend once said, "Everybody has talent, but ability requires hard work."

TRADING WITH YOUR TALENT

The market place is an impartial environment.

PROSPERITY BEGINS WITH WHAT YOU HAVE

Becoming rich is very easy if you can focus on monetizing your talent by showcasing it to the world around you. If you concentrate on using your talent consistently to add value to the society, you will never lack money the rest of your life.

YOUR TALENT NEEDS A PLATFORM

Some people have developed their talents and are also working so hard to tap into the monetary value of their abilities but they are not getting what they expect. What is the problem? They don't have the required platform to market their talents. The writer should explore avenues for showcasing his works and ideas. The starlet needs to locate the places that can help him harness and maximize the full potential of his ability. The entrepreneur should connect with business associations and trade portals he can leverage upon to build his business empire.

THERE IS MONEY IN YOUR HOUSE

The Almighty has endowed you with an amazing ability but it requires development and showcasing it to the world around you by operating from the right platform. Make use of your talent today!

THE GREATEST SEED OF PROSPERITY

Ideas are golden keys to ever increasing prosperity. It is a thought, planted by God that could solve your financial problem. The instruction from Elisha the Prophet to the woman was a divine idea designed to end her financial predicaments.

Robert H. Schuller said, ***“Nobody has a money problem but an idea problem”***. This statement means that what you need to put an end to your financial worries is embedded in an idea.

An idea is the key God places in your hands that can unlock the door of riches. After several months of writing for Daily Independent Newspaper, I got several hundreds of telephone

You are where you are financially because you have neither used the idea God gave you nor recognized it.

MONEY IN MINUTES

A publisher made a discovery that every publisher or author could use to create unending prosperity. He was a publisher of low-priced books. He discovered that a lot of people buy titles and not contents of books. By merely changing the title of one of the books that was not selling, his sales on that book jumped upward more than a million copies. The inside of the book was not changed in any way. What he did was just to change the title on the cover page.

Ross Perot, the famed billionaire said "one good idea could enable a man to live like a king the rest of his life".

Oral Roberts said "when God promised you

There could be an idea God had planted in your mind. What are you waiting for?

Every new business started with an idea. Every product, new way of packaging or advertising products, cheaper way of production or new way of making it more beautiful started with an idea.

Think of drug companies, for instance. Eighty percent of their business is in products that did not exist only seven years ago.

I want to conclude this chapter by asking you this simple but powerful question. What do you have in your hands? It could be a talent, idea, skill, contact, opportunity, little capital, business plan, dream project or new way of doing something. That is your seed of prosperity. It is your jar of oil. Make use of it and the Lord of Increase will multiply it into bountiful harvest.

It's a new day for you! May the Lord open your eyes to see what have that will create the Wealth you are looking for today!

CHAPTER 3

THE POWER OF LEVERAGE

“One Amazing Word That Can Bring Great Success, Something So Simple, That Everyone Uses it But Only Few Use it for Profitability, is The Word “ASK”.”

CHAPTER 3

THE POWER OF LEVERAGE

Then he said, "Go, borrow vessels from everywhere, from all your neighbors – empty vessels; do not gather just a few.

2 Kings 4:3

The word leverage in business simply means, making use of "Other people's money," Other people's knowledge" and "Other people's efforts. This is the principle that Elisha instructed

THERE IS MONEY IN YOUR HOUSE

Other people's money is money that you can borrow to leverage your business activities, to buy and sell greater amounts that would be impossible if your activities were limited to your own financial resources. This is the major reason for using credit in business and investments. Your ability to use other people's money in business and your dream projects could be a critical factor for success.

Other people's knowledge is another leverage factor. Use the information, insights, wisdom and knowledge of other people to further your own cause. Not only will such assistance save you valuable time and energy, it will give you amazing success. It will also give you efficiency, speed and prosperity beyond your power.

Isaac Newton called this "Standing on the shoulders of giants". He meant that in making his discoveries he had built on the achievements of others. A great part of his greatness, he knew, was attributed to his shrewd ability to make the most of the insights of ancient scientists. Shakespeare borrowed plots, characterizations,

THE POWER OF LEVERAGE

We all know that few Politicians write their speech. Make use of other people's knowledge to advance your cause.

Other people's efforts refer to the time and energy you can acquire by hiring other people who have the skills and abilities that you need to achieve your dreams.

You need to develop the ability to pull together other people's efforts, other people's money, and other people's knowledge, to accomplish vastly more in the same period of time than someone who is forced to rely on his own personal energy and resources.

RICHES THROUGH THE POWER OF LEVERAGE

In 1978, twenty-five year old college dropout John Mackey and twenty-one year old Rene Lawson Hardy, saved and borrowed money from family and friends to open the doors of a small natural foods store in Austin, Texas. Within

Eventually Mackey and Hardy moved out of the store and into their own place, and within two years managed a merger with another natural foods store to open up the first Whole Foods Market in Austin, Tx on September 20, 1980. With the markets floor space at 10,500 square feet and with 19 employees, Whole Foods Market became the largest of its kind. In 1984, Whole Foods began expanding to other cities by building stores from the ground up and by acquiring other natural foods stores around the country. In 1992 the company went public, and in 2008 posted \$6.5 billion in revenues and \$3.2 billion in assets. From the humble beginnings in Austin, Tx in 1978, to being ranked 369 on the Fortune 500, Whole Foods Market is continually rising to the challenge of the market and providing a unique service to America.

The duo leveraged on each other's capacity and also made use of other people's resources. The application of this principle brought uncommon riches to them.

THE WONDERS OF ASKING

One powerful word that can bring you lots of money, something so simple, that everybody uses it but only few use it productively, is the word "ASK".

By asking, you can open doors to opportunities which would otherwise remain closed. One of the principles that helped the widow was her courage to ask.

Good things come to those of us who ask. It's simple as inquiring about discounts, making offer, or coming up with a partnership proposal.

A polite inquiry never hurts. A well-phrased question can be assertive without being so aggressive that you turn off the listener and cause him to refuse your request. Asking can open a door which your best friend simply forgot to mention to you.

When my first book came out, I felt the importance of having it reviewed by a National Newspaper. I started asking my friends for

THERE IS MONEY IN YOUR HOUSE

media links because then I had few media contacts.

A few days later, one of my friends told me that he has someone in Daily Sun who will be willing to help. We made a call to her office and booked an appointment with her. After our meeting, she decided to review the book.

One day, she called to inform me that the review of the book is out. To make the story more interesting, 2 weeks latter I was interviewed by the same lady on the same Newspaper. This gave me and the book National Publicity.

The blessings that come through asking could be unlimited. What did the Bible say? *Ask and you shall receive.*

THERE IS SOMEONE SOMEWHERE WHO CAN HELP YOU

If you have a problem – but can't see how it could be solved creatively,

THE POWER OF LEVERAGE

If you have a great idea – but lack the money, knowledge, or ability to execute the idea,

Then the greatest counsel anyone can give you might be this simple sentence. There is someone who can help you.

The widow in our story had a jar of Oil but was not in possession of vessels needed to pour the oil for increase. Then Elisha gave her one of the great secrets of business success. ***“Go, borrow vessels”***.

You should be smart enough to believe there is help, determined enough to find that help, and humble enough to accept that help. You may be so powerfully creative, innovative and gifted. Your talents and potentials may be so great but you are limited being alone. One is too small a number to achieve greatness.

Wherever you are, whatever your financial situation, there is someone somewhere who can help you!

THERE IS MONEY IN YOUR HOUSE

God did not write Solo Parts for Us. He had divine connectors for you – the right friends and right associations. These good connections always bring out the best in you.

Let your divine helpers locate you today!
Amen!!

CHAPTER 4

**FIND A NEED
AND FILL IT**

“Apart from the money people inherit or win by chance in lotteries, what is the true significance of money? Money, which has been earned honestly, is simply the recognition of services rendered. A rich man is therefore one who has provided services to many people and had received a just reward.”

CHAPTER 4

FIND A NEED AND FILL IT

Then he said, "Go, borrow vessels from everywhere, from all your neighbors-empty vessels; do not gather just a few.

2 Kings 4:3

Apart from the money people inherit or win by chance in lotteries, what is the true significance of money? Money, which has been earned honestly, is simply the recognition of services

THERE IS MONEY IN YOUR HOUSE

The GSM Companies that came into Nigeria made billions of naira within a short period of time because they found a need and filled that need. Many have heard this over and over again but only a hand full put it to work. What is it that we are talking about? "Find a Need and Fill it". The cheapest and fastest way to make money is to discover a need somewhere and meet that need. Your wealth will be in equal proportion to the needs you are willing to meet. If you can provide food to a hungry man and water to a thirsty soul, you will be rewarded financially.

You fail in business when you want to get something and you are not willing to give something. The easiest way to get someone to sponsor your business or partner with you is to let him know what is in it for him. In your package, you have to show the sponsor or potential partner what he stands to gain.

INSTANT JOB OFFER

In 2002, my friend Gift went to a particular Company in the Eastern part of Nigeria for job

MOBILE MONEY IDEA

During my 6 week speaking tour in several cities of Kenya, I discovered an amazing way people send and receive money in Kenya. The idea came through a young man who discovered a need a filled that need.

This simple idea has changed how business is done in Kenya. The young man will never be poor the rest of his life. This simple idea has affected how money exchange hands in Kenya.

During my speaking tour in Ghana, I shared the same platform with Kofi Amoah, the Man who brought Western Union to Africa. All he did was to find a need and filled it. Today, by all standards, he is a millionaire.

5 WAYS TO IDENTIFY A NEED

Below are ideas on how to discover people's needs so as to make money whenever you want it.

DON'T JOIN THE CROWD

If everyone is doing it then no one needs it. You can't make real money by doing what

LISTEN TO PEOPLE'S COMPLAINTS

Don't be angry that people are complaining. What you should do is search for the solution to their problems. If people complain about the high cost of a product, look for or create a cheaper product that serves the same purpose. Someone came up with Sachet Water in Nigeria as an alternative to Bottle Water.

TRAVEL OUTSIDE

The traveler will always be wiser than the aged. Traveling opens our eyes to things we never knew existed. We find people solving the same problem with different techniques. When I went to Nairobi, Kenya I discovered so many needs one can fill to make money and also better ways to do things in my home country. Lots of ideas have been imported (or stolen) from other countries and then modified to suit our problems. A group of people from Malaysia came to Nigeria and took some Palm Seeds back to their country. Today, Malaysia is a leader in the production and supply of palm produce.

THE SCARCE COMMODITY

There are some commodities that people need but find it difficult to get. All you need to do is to find a way of making the commodity available to them and you will always smile to the bank.

You are created for a purpose. The purpose is to fill the empty vessels God sends your way. The empty vessels are needs of people you should fill. This is the Chief Factor that determines your success or failure. If you are poor, it means you've not located your empty vessel that is to say, you've not discovered the need you should fill.

As a teacher and writer, my duty is to find empty vessels that will be filled with oil of knowledge God has deposited on my inside.

When I teach people in Churches, Bible Schools, Conferences, Seminars and so many other places, my finances will be on the increase. But when I stop pouring into the empty vessels, my finances will go down.

What is the state of your finances? If it is fine, it

THERE IS MONEY IN YOUR HOUSE

You enjoy unending financial prosperity when you practice this simple principle.

Your talent is not enough. You need to bless people with it. The widow had the jar of oil for a long time but she still suffered terribly because there were no empty vessels. Your ability and resources will only produce good things for you when someone is blessed and affected.

What is the remedy for financial needs? Start to give. Find empty vessels you can pour into. You may think that what you have is not enough until you start pouring into some empty vessels.

FIND A PROBLEM AND SOLVE IT

You can find a problem and solve it. Where there is a widespread and unsolved customer problem, there is an opportunity for you to start and build a successful business. Once upon a time, before photocopiers, the only way to type multiple copies of a letter was with carbon paper placed between sheets of stationery. But a single mistake would require the typist to go

FIND A NEED AND FILL IT

Then, a secretary working for a small company in Minneapolis began mixing flour with nail varnish in order to white out the mistakes she was making in her typing. Her friends in the same office soon asked if she could make some of this liquid for them. To satisfy this demand, she began mixing little bottles of flour and nail varnish on her kitchen table. Soon, people in other offices began asking for it. The demand became so great that she eventually quit her job and began working full-time manufacturing what she called "Liquid Paper". At few years later, the Gillette Corporation came along and bought her out for \$47 Million Cash.

Your status and prosperity are direct results of the prosperity you create for other people.

HOW THIS PRINCIPLE CREATED A MULTI BILLION-DOLLAR COMPANY

In the spring of 1891, the 29-year-old William Wrigley Jr. moved from Philadelphia to Chicago with only \$32 to his name. Soon after arriving in

Wrigley went public in 1919, and since then has seen ups and downs in the market. Wrigley has remained a staple, and perhaps the most visible brand, in the chewing gum business throughout now into the 21st century. A globally distributed brand, Wrigley is one of the largest gum companies in the world, and one of the most successful businesses – in any industry- in the world. In 2008, Wrigley posted revenues of \$5.4 billion with a recorded over \$5.2 billion in assets.

GIVING BEFORE RECEIVING

*Give and it will be given to you: good measure, Pressed down, shaken together, and running Over will be put into your bosom.... **Luke 6:38***

There is a statement that reads “Givers Never Lack”. It is very easy to see why people who take the walk of faith live prosperous lives. The secret is that you need to give before you receive. The farmer knows this. He plants the seed, giving it away, before he can expect a harvest of plenty.

The successful business man understands this

FIND A NEED AND FILL IT

Do you want your life to be filled with plenty? Then you need to give it out before you can expect to take it in. It's more blessed to give than to receive (Acts. 20:35)

Proverbs 11:24-25 Says, *"There is one who scatters, yet increases more; And there is one who withholds more than is rights. But leads to poverty. The generous Soul will be made rich, and he who waters will also be watered himself"*. You were created to be a blessing to others.

THE GOLDEN RULE

Practicing the Golden Rule is not a sacrifice. It's an investment. What good thing you make come to pass for others, God will make come to pass for you.

You can measure the good you have been to the world by what the world has paid you, because a man can judge very well what he is worth by what he receives; that is, in what he is to the world at this time.

THERE IS MONEY IN YOUR HOUSE

It's very easy to make money. If you will just take only five blocks around you, and find out what the people want and how to supply it.

Put those things down on paper, and figure up the profits you would make if you do the supply, you would see what am saying. There is money in abundance right within the sound of your voice.

Tap into amazing wealth today by finding a need and filling that need!

CHAPTER 5

**FOCUS CHANGES
EVERYTHING**

“You Become Successful Only When You Concentrate On One Task, The Most Important Task, and You Stay At It Until It Is 100Percent Completed. Concentrate On Just One Thing And Do It Well.”

CHAPTER 5

FOCUS CHANGES EVERYTHING

"And when you have come in, you shall shut the door behind you and your sons; then pour into all those vessels, and set aside the full ones."

2 Kings 4:4

One man with focus constitutes a majority. To achieve your desires in life you must disconnect from those things that may be distractions to doing your best.

As the widow in our story drew close to her

THERE IS MONEY IN YOUR HOUSE

As the widow in our story drew close to her miracle, Prophet Elisha instructed her to shut the door behind her. God's intention was to keep her focused on the business at hand.

It's amazing the amount of work you can get done if you do not do anything else. Focus is one of the best instruments of success. Without focus, creativity wastes its efforts in a maze of inconsistencies.

Did you ever take a magnifying glass, and allow the sun to shine through it, adjusting it all the while in your hand until it focused a burning white dot on a piece of paper or dry leaf? Do you remember how the magnified rays of the sun on the dry paper suddenly created a wisp of smoke? That is the power of focus!

There is awesome energy generated in the powers that are created through the "Focusing Principle".

Nothing is impossible to the diligent and focused person. Whatever you focus your

FOCUS CHANGES EVERYTHING

attention upon you give strength and momentum. Focus is the secret of strength.

Focus determines the sharpness of your destiny. You can't have a good picture if you don't have a good focus. To succeed in life, therefore, you must be focused. See what happened to this man who lost his focus:

Now as the king passed by, he cried out to the king and said, "Your servant went out into the midst of the battle; and there, a man came over and brought a man to me and said, "Guard this man; if by any means he is missing, your life shall be for his life, or else you shall pay a talent of silver".

*"While your servant was busy here and there, he was gone". Then the king of Israel said to him, "So shall your judgment be; you yourself have decided it". **I King 20:39-40***

The cheapest way to remain poor is to live without focus. You are created for greatness, so don't remain small for lack of focus.

Focus means shutting the door against every other activity that may distract you from accomplishing your dream project.

FOCUS ON THE FUTURE

One of the rules for success is that it doesn't matter where you're coming from; all that matters is where you're going. Almost everyone has the uneasy feeling that they have wasted a good deal of their time and their potential in the past. Unfortunately, many people use these feelings of regret as breaks that they set on their own lives.

Instead of rededicating themselves to the exciting months and years ahead, they allow themselves to be overwhelmed with the mistakes that they may have made in the past. Don't let this happen to you.

Instead, think about the future and where you are going. Think about what you can do right now to create the kind of future you imagine for yourself. Learn what you can from past mistakes

THE PRINCIPLE OF SINGLE HANDLING

The ability to start and finish your most important task determines your prosperity more than any other skill.

Maximum achievement is possible only when you concentrate single – mindedly on one task, the most important task, and you stay at it until it is 100 percent completed.

Elisha instructed the widow to close the door behind so as to enable her concentrate on the task at hand. By opening the door, the woman might have seen a friend and decide to chat with her for some minutes. What do you think would have happened? She would have destroyed her miracle.

So many people have missed their financial harvest or delayed it by doing a lot of things at the same time.

When you are working on your most important goal, anything else you could do is a relative

THERE IS MONEY IN YOUR HOUSE

Identify the biggest and most important single task or goal that you may have now. Whatever it is, clear aside everything else and throw your whole heart into completing it. Close the door behind you and against every other goal or project.

The hen incubates the eggs for 21 days without doing any other thing. If she lives the eggs for two days what will happen? The eggs will rotten. The same thing happens when we allow anything to distract us from the making of our miracles.

There is a financial harvest for you. All you need is focus! Remember, focus changes everything!!

CHAPTER 6

**ACTION IS
THE ULTIMATE**

“History is Made Whenever You Take The Right Action. Action is The key to Unlocking The Door to Your Harvest. There is No Amount of Revelation That Can Substitute For Action. Revelation Without Action is The Reason for Frustration. ”

CHAPTER 6

ACTION IS THE ULTIMATE

*So she went from him and shut the door behind her and her sons, who brought the vessels to her, and she poured it out. **2 Kings 4:5***

History is made whenever you take the right action. Action is the key to unlocking the door of harvest. The woman in our story heard the prophetic word from Elisha. But nothing happened until she acted upon the word received.

THERE IS MONEY IN YOUR HOUSE

There is no amount of revelation that can substitute for action. Revelation without action will lead to frustration.

You earn your wages only by action; inaction keeps you in penury. There is no food for the lazy man.

God will do it is the prayer of irresponsible people. The woman had to do something for the miracle to occur.

Let us stop wishing and start working instead! Nothing works until you work. There is dignity in labor. Money does not drop from heaven. Do something and money will come.

You are not a candidate of financial prosperity if you don't put your hands to work.

*He who has a slack hand becomes poor,
But the hand of the diligent makes rich.*

Proverbs 10: 4

Your prosperity is guaranteed when you take

ACTION IS THE ULTIMATE

“As He (Jesus) was speaking, a woman in the Crowd called out, “God bless your mother-the womb from which you came, and breast that gave you suck! He replied, ‘Yes, but even more blessed are all who hear the word and put it into practice (Lk.11:27, LB).

You enjoy more blessing acting on the Word of God than even to have been the mother of Jesus.

Sometimes, during his seminar, one Veteran Speaker uses an illustration to prove a point. He will lift up a 100 dollar bill in the air with his hands, and say “If this 100 dollar bill is available, and it is, who would want it?” Of course, every hand in the room would go up. But, he just stands there holding it up until he eventually says; doesn't anyone really want this? Then after about a minute or two someone gets up out of their chair and goes up to him to give it to him. But, even then, he won't hand it to him. He just keeps holding it up in the air until they do

THERE IS MONEY IN YOUR HOUSE

The widow did not stop with the word of prophecy like so many Christians today. She took massive action. Many Christians take notes in the church during sermon but end up doing nothing with the sermon.

Stagnation in any area of your life is a sign of inaction. The moment you take action in that area progress will begin to evolve.

Your financial harvest is waiting for you to take a step of faith in the right direction. **Action is the Ultimate**

History is made whenever you take the right action. Action is the force that will always usher you in to realms of success. The four lepers in our story made a decision to change their lives and took action instantly. Nothing happens until you do something.

TAKE CHARGE OF YOUR LIFE

You are the one holding the key of your own destiny - this sounds frightening and, in the

same time, exhilarating. God granted us all that we might need to reach any dream coming from the deep of our inner self: cleverness, imagination, strong will, persistence, intuition, power of intention, talents, enthusiasm and many other tools to use in the process of achieving our big life's goal.

In exchange, God expects us to dig inside our soul, find out what our big goal is and go for it. He also wants us to trust and believe in our dream. If we are faithful, He will help us to reach our target. We will meet the right people, get the right information, and be at the perfect moment where we need to be. The circumstances and situations will change to support us in our attempt.

We are the only ones in charge of our destiny. If we fail or succeed is our own responsibility. When we realize this truth, we become unstoppable.

Now, it is the moment to make a plan. Start to write on paper what you have to do to reach your vision.

THERE IS MONEY IN YOUR HOUSE

Then select the activities that you can do (maybe to develop some skills, to search for another job, to enroll in a training program or in a school). Keep a journal with what you are doing daily. It is enough to allocate one hour per day for your goal. At this stage it is very important to create a habit, the foundation of your building.

Each step you take will get you closer to your dream. You will start to see progress and circumstances will help you. You will also feel more and more confident and your life will begin to change in amazing ways.

ACTION IS A MIRACLE WORKER

When you make a move, a thousand and one miracles happen. God will not show you the whole picture of your destiny. It will unfold as you take bold steps. That you don't have cash in your pocket is not enough reason why you should be afraid to propose to that Lady.

ACTION IS THE ULTIMATE

You want N100, 000 to start a business? It might not come until you start with that N1000 in your hands.

Today is the future you've been waiting for! May the Lord give you understanding!!

THERE IS MONEY IN YOUR HOUSE

CHAPTER 7

**YOU CONTROL THE
FLOW OF MONEY**

“We live in abundant universe in which there is sufficient money for everyone. Plenty of money is available to you. You can have virtually all you really want and need.”

CHAPTER 7

YOU CONTROL THE FLOW OF MONEY

Now it came to pass, when the vessels were full, that she said to her son, "Bring me another vessel." And he said to her, "there is not another vessel" So the oil ceased.

2 Kings 4: 6

And then stopped when she ran out of vessels. What if the woman had gathered 1000 vessels? Then the oil would have filled 1000. I don't know about you, but if I were the widow and her sons, I would be

THERE IS MONEY IN YOUR HOUSE

You too, control the flow of financial prosperity by what you are willing to do and how far you are willing to go.

How many blessings are you missing out on because you have never set out enough vessels? God is unlimited! You control the blessings you receive by your willingness to ask, to seek, to accept help from others, to act on faith, and to take the right steps.

So go out there and find more vessels!

Don't limit God's ability to provide supernaturally. Through the Prophet Elisha, God was going to provide a financial harvest for the destitute widow. But it was limited by the number of vessels the woman and her sons could gather.

Your present financial status is based on the number of vessels you have been able to present before God. If you are broke, it means you have not gathered any vessel. If you have little money, it means you have gathered but a

I read about one of the fastest growing churches in America. Their secret is that they have over 180 outreach ministries. That is their secret; several empty vessels.

THE KEY TO ABUNDANCE

We live in abundant universe in which there is sufficient money for everyone. Plenty of money is available to you. You can have virtually all you really want and need.

You become wealthy because you believe you have the ability to become wealthy. Because you believe this completely, you act accordingly. You will consistently take the necessary actions that turn your beliefs into realities.

The number of vessels you are willing to gather shows your level of faith for financial prosperity.

MAXIMIZE THE MOMENT

Maximize every opportunity. Make proper use of today. Each season has its opportunities, so

EVERYTHING IN LIFE HAS A SEASON

*To everything there is a season, A time for every purpose under heaven. **Ecclesiastics 3:1***

Have you ever missed an opportunity? You know the ones that you felt could have made your life different than it is now. Never again in the woman's life did she experience the miracle of multiplied oil.

When your moment of opportunity comes, are you ready to maximize the moment? Will you create a place that will allow you to utilize your God-given gifts to fulfill your Divine purpose?

Many of us have experienced the pain of rejection, failed relationships, and having to start over and over. However it doesn't have to remain that way. God has equipped you with every spiritual blessing in the high places so it is up to you to realize what your gifts are in order to make the most of your opportunities when they arrive.

A young man has this to say: "As I entered a place to seek for employment, I was

TD JAKES PUTS IT THIS WAY:

"One of life's greatest tragedies is to arrive at the end of your journey and realize you could have done more, laughed harder, played more intensely, and lived more vivaciously if only you had taken the day by the throat and steered it the way you wanted it to go, if only you had made a conscious decision about what you wanted to do."

SEIZE THE MOMENT AND CHANGE YOUR LIFE

Two men with the Nigeria Air force went to Czechs Republic for training and during the course of the program, the admission letters for an aviation school they had applied for in the United States of America arrived at the Force Headquarters. It was forwarded to them in Czechs Republic.

One of them decided to go for the aviation school from Czechs Republic but the other guy said that he wants to come back and bid farewell

to his people in Nigeria. Unfortunately, this guy could not make it to the aviation school in U.S.A.

Hear the concluding part of the story. 10 years after, officers from the Nigeria Air force were at Murtala Mohamed International Airport for an official duty and the man who could not go for the aviation school was there with his insignificant rank.

The other guy was now a chief pilot with Cameroon Air Ways. He saw his old pal and recognized him but his old pal could not recognize him because he is living in affluence. He called his old pal who was still battling with his low ranking in the force and introduced himself. He shared his success stories and attainments with him.

His friend who could not seize the moment died after a month because he saw the position he could have attained but missed it because of he could not maximize his moment. May you not experience such in Jesus Name!

TAPPING THE UNTAPPED POSSIBILITIES

You think you have all the answers on religion, philosophy and psychology? Wait a minute! When you think you've exhausted all possibilities, remember this – you haven't!

T

here are untapped possibilities around you now. There are opportunities right before you, unexplored.

There is a beautiful story in Luke 5:1-8 about Peter and his partners fishing all night. In the morning the Lord asked. How is fishing" Master, we've fished all night and caught nothing! This was their weary reply.

"Go out into the deep and throw out your nets," the Lord directs.

They had every reason to doubt His advice. After all, they have been fishing all night. But by faith they threw in the net once more; and this time the Lord of harvest decided to bless their efforts.

THERE IS MONEY IN YOUR HOUSE

The oil of your prosperity will never stop. There is abundance for you! Begin to enjoy an ever increasing prosperity. Amen!

CHAPTER 8

**SELL AND
GROW RICH**

THERE IS MONEY IN YOUR HOUSE

- **Education sells knowledge**
- **Universities sell training**
- **Hospitals sell health care**
- **Churches sell spiritual and emotional services**

what do you sell?

CHAPTER 8

SELL AND GROW RICH

Then she came and told the man of God. And he said, "Go, sell the oil and pay your debt; and you and your sons live on the rest".

2nd kings 4:7

Success often depends on selling something to someone. God's miracle for the widow would be incomplete if she had decided not to sell the oil.

THERE IS MONEY IN YOUR HOUSE

- Education sells knowledge
- Universities sell training
- Hospitals sell health care
- Churches sell spiritual and emotional services

Do you have the ability to write? Go, sell the talent by creating books. Can you sing very well? Produce an album and sell it. Can you teach something very well? Go, sell the knowledge.

YOU ARE WASTING IF YOU ARE NOT SELLING

There is no need singing or teaching in a small group where everyone is hailing you yet you are broke. Go, Sell that ability. God gave you that talent to trade with.

If you don't have money in your pocket now, it means you are not selling something. All fortunes begin with the Sale of Personal Services.

Selling is the bedrock upon which every fortune is built. Whatever you do to make yourself prosperous will involve selling.

You can sell your skills or ideas. Life is all about selling something. Every rich person knows this simple fact. Every poor person doesn't.

Anything you do that does not involve selling is a hobby. Spend your time more on profit oriented ventures.

It is useless to write a book you don't want to sell. It is an abomination to acquire a skill you don't want to trade with. It is a curse to have ability without profitability. Do you get the message?

Some people have the ability and talent to decorate halls and organize events but they end up using it only in their brother's and Sister's wedding; while others are making millions with the same talent.

I have seen people with the grace to make

others laugh yet end up doing it only in their friends' birthdays and in-house parties. They fail to know that there are people out there making millions weekly with the same grace or talent.

What do you do that others like you for? That is a hot commodity for sell. You are wasting God's investment in you when you fail to trade that talent for profit.

SELLING PRODUCTS AND SERVICES

Selling products and services is one of the oldest ways to make money. Today, with the advent of the internet and other effective mediums, selling has become very easy.

Here's how you can make money through selling products and services:

OVERALL PACKAGING

Selling starts with attraction. If you want to capture the attention of your potential clients, you need to exert conscious time and even money to make your packaging visually appealing. Research your target market and get

to know their preferences. Through this, you'll be able to determine the elements that you need to use when packaging your products to make them look more enticing to your prospects. Now, I spend quality time with my graphics designer to create stunning covers for my books.

ADVERTISING

It's virtually impossible to make a sale without you advertising your products to your prospects. If you are targeting people within a certain geographical location, I recommend that you advertise your products using traditional media (TV, newspaper, and radio) or targeted social media advertisement. However, if you are trying to tap the global market, you may use several internet marketing tools all at the same time to quickly widen your reach. You can use PPC advertising, article marketing, forum posting, social media marketing, video marketing, ezine publishing and blogging.

OFFER FREE PRODUCT SAMPLES

This is particularly helpful if you are selling new products. To give your prospects an idea as to how your new product works (and to gauge if it's really worth the money), you can get these people to try your product for free. For example, if you are selling a shampoo, you can give away 15 ml. sachets to your target market. If they are happy with the result, you can be assured that they will not think twice about making a purchase.

ENSURE CUSTOMER SATISFACTION

This is the trick to retain your old customers while you attract new ones. You see, when you strive to make each of your customers happy, they are most likely to come back for more. Not only that, they will also talk about your products to their colleagues, friends, and family members. As word-of-mouth advertising is still the best marketing medium. You can be assured that this will help you improve your sales by up to a hundredfold.

OFFER DISCOUNTS

You can easily capture the attention of your target market by simply offering discounts. Slash off at least 20% off your tag prices from time to time. This will help you capture the attention of new prospects and promote customer loyalty among your current customers.

SELLING PATENTS, INVENTIONS AND IDEAS

Allow me to introduce you to an online renowned forum where you can sell your Patents, Inventions or Ideas. I have no affiliation whatsoever with the people behind this platform but I love what they are doing. The Name of the Forum is "Idea Trade Network." Idea Trade Network (ITN) is an [award-winning](http://www.newideatrade.com) world-renowned forum that allows companies and individuals to license, buy or sell ideas, new inventions as well as patents and trademarks. www.newideatrade.com

SELLING IS THE CORE SKILL OF BUSINESS SUCCESS

The keys to business success are simple. With regard to the product, the keys are to "Sell! Sell!! Sell!!!" The most important single skill you must

In fact, the ability to sell is one of the key skills for a successful life. With very few exceptions, all successful businesses begin with a single person who is excited about the product and who is very good at selling it to others. This entrepreneur likes the product so much that he can hardly wait to talk to other people about it.

This individual is eager to make customer contacts. But where there is no willingness to sell, the finest product or service will fail.

Over to you! Discover the goldmine on your inside, harness it and begin to make profits from selling it.

It's a New Day for You!
