# ONLINE SAFETY ---

**While the popularity of social media continues to increase, it is important for you to remember to always be on **GUARD**.**

**GIVE** out generic info about you while online. Do not give out specific info like your full name or address.

**UNDERSTAND** meeting someone in person that you met online can be very dangerous.

**ACCEPTING** friend requests from people you don't know may not be safe.

**RECOGNIZE** that what people are telling you about themselves online may not be true.

**DETERMINE** to tell a parent if anyone makes you feel uncomfortable online.
