

PUPPY HEALTH GUARANTEE

Your puppy comes with a one year HEALTH GUARANTEE that covers congenital health defects for a period of one year from the date of purchase. This guarantee applies only to the original purchaser of the puppy.

This HEALTH GUARANTEE is void if you fail to meet any of its terms and conditions.

The puppy will have been vet checked and deemed in good health at the time of sale. The puppy will be up to date on shots and worming at the time you pick up or receive the puppy. It is very important that you continue the vaccinations and worming. Please do not expose your puppy to other dogs that are not vaccinated until he/she has completed the entire vaccination schedule - around 16-20 weeks old.

You must notify seller immediately if your puppy becomes ill, does not eat well, or shows any other signs of distress for a period of thirty days from the date of purchase. The puppy needs to receive daily rations of quality food and fresh water, such that is well nourishing. The puppy must be housed in a suitable shelter typical for its breed and protected against extreme weather conditions.

You have 72 hours (or 96 hours if the purchase is made on a Friday) from the time of purchase to have your puppy examined by a licensed veterinarian at your expense. Must have documentation of this exam for this health certificate to be valid.

If your puppy is found to have any life threatening or genetic defects, you must notify seller immediately and provide to seller a written veterinarian's statement that includes the complete diagnosis of the puppy's condition within 48 hours of diagnosis. We reserve the right to have the diagnosis verified by another veterinarian of our choice and/or require you to have specific tests run on the puppy to verify the diagnosis. If the puppy is replaced, it will be replaced with one of equal value as soon as available and only after the puppy and all papers have been returned (in satisfactory condition) to seller unless seller determines a refund is more appropriate. Our responsibility for all expenses shall not exceed 100% of the puppy purchase price.

Puppy must not be euthanized without prior written approval from the seller or this guarantee is void.

You understand that the following slight defects are not considered life threatening and therefore are not covered--hernias, undescended testicle, under or over bites. Also not covered are parasites, injury, allergies, heat exhaustion, or hypoglycemia. Because a luxating patella or collapsed trachea and Osteochondritis Dessecans (OCD) can be caused by injury and or diet, they are not covered if they are not discovered during your veterinarian's initial examination. The seller will not be responsible for problems resulting from obesity, second hand smoke, malnutrition, dehydration, starvation or lack of proper vet care including regular vaccinations. The breeder will disclose any known illnesses or health issues prior to the sale.

You understand that your puppy will only be replaced or refunded if health problems are life threatening and are attributed solely to a hereditary problem and are not due to accident or injury.

Kennel cough and other communicable diseases are not covered after your veterinarian's initial examination. Failure to follow the veterinarians recommended medical advice and/or treatment will void this guarantee.

Seller is not responsible for any veterinarians bills unless previously agreed to in writing by seller.

Seller does not guarantee the size, color, hair length, texture, temperament and/or house training abilities of your puppy. We do guarantee if you love and care for your puppy, he or she will be a joy in your family.

Seller does not sell its puppies for breeding purposes and no refunds will be given for conditions that affect a puppy's ability to be bred.

We are extremely diligent in our care and protection of your puppy from birth until transfer of ownership to you. We have done everything possible to ensure that they are healthy and well adjusted.

By signing below, I state that I have read, understand, and agree to all of the terms and conditions of this HEALTH GUARANTEE.
