

1:1, 3:1 and 5:1 ratio lube pumps

The Pride Series pumps are designed for higher volume applications and severe environments for petroleum and synthetic based oils. These pumps have larger air motors, a higher volume of delivery with higher air pressures. They are excellent choices for large automotive dealerships, fleet, construction, and heavy-duty applications where longer pipe runs and multiple dispense points are required.

Available in bare models, portable and stationary packages.

Models:

1130-020 Panther 3:1 lube pump, bare w/ bung adapter	\$540.00
1130-021 Panther 5:1 lube pump, bare w/bung adapter	\$554.00
1130-026 Tiger 6:1 lube pump, w/bung adapter	\$950.00

CenterFlo AODD Pumps

Balcrank's CenterFlo AODD pumps are designed for high volume fluid transfer, short pipe runs, used oil evacuation, windshield wash, and anti-freeze applications. CenterFlo's unique design creates higher suction capabilities for the evacuation of vehicle fluids from portable drains, tanks, or directly from the vehicle.

Models:

1120-023 CF15, 1/2" npt - Polypropylene AODD pump	\$376.00
1120-024 CF30, 1" npt - Aluminum AODD pump	\$449.00
1120-013A 1" npt - Aluminum/Acetal AODD pump	\$625.00

Air System Components

Compressed Air Preparation Means Better System Performance

- Use filters to clean air and remove moisture
- Lubricators inject oil mist into compressed air to improve performance and life of air-operated pumps
- Use pressure regulators to control fluid flow rates and to set correct system operating pressures

Models:

3260-033 Filter/Regulator combo, w/gauge, (Mini), 1/4" npt	\$ 45.00
3260-034 Filter/Regulator combo, w/gauge, 1/4" npt	\$ 98.00
3260-036 Filter/Regulator combo, w/gauge, 1/2" npt	\$114.00

Signature Series Hose Reels

This family of hose reels is built for the toughest environments and applications.

Classic: This solid all steel hose reel is preferred for general duty, automotive dealerships and service garages.

Evolution: This reel incorporates advanced design features that ensure long life in the toughest environments while reducing overall weight.

Models:

2120-011 Classic, 30' x 1/2" hose lube reel	\$346.00
2120-015 Classic, 50' x 3/8" hose air/water reel	\$378.00
2140-013 Evolution, 30' x 1/2" hose lube reel	\$293.00
2140-008 Evolution, 50' x 3/8" hose air/water reel	\$318.00

DR Series Control Handles

The Digital Registry (DR) meter is the cure for the common meter. In-line design, extremely accurate and may be calibrated to dispense in quarts, gallons, liters, or pints. The DR Meter features the newly designed ergonomic handle with comfort grip, extended swivel cover, forged aluminum body, and trigger lock. Improved serviceability makes this meter a winner for all applications.

Models:

3330-167 DR meter dispenser, flex-memory extension w/auto-tip	\$244.00
3330-159 DR meter dispenser, flex-memory extension w/manual-tip	\$249.00
3330-172 DR meter dispenser, flex-memory extension w/ATF narrow-tip	\$249.00

MR Series Control Handles

The Mechanical Registry (MR) meter have mechanical-metered control valves that have been specifically designed to measure and dispense volumes of all kinds of synthetic and mineral oils and to lead the competition in technology and innovation. This handle is simple AND robust. It fits well in all applications including outdoors where it is exposed to the elements. The one piece molded pointer knob, which encloses a very robust and unique reset mechanism is protruding for easy resetting and reading but is resistant to impacts. The larger metering chamber increases fluid delivery and flow.

Models:

3330-192 MR Meter Handle - Memory Flex 1/4" Turn (Qts.)	\$276.00
3330-196 MR Meter Handle - Memory Flex 1/4" Narrow (Qts.)	\$292.00
