## About Us

As the largest private pool in Prince George's County, the West Laurel Swim Club (WLSC) has been a popular summer recreation attraction for area residents since 1969.

## Membership-Owned and Managed:

The WLSC is a non-profit, membership-owned organization managed by an elected Board of Directors. We pride ourselves on being a truly community-oriented pool.

Memberships are sold on a first-come, first-serve basis. We offer financial incentives to new members and to members who take advantage of Early Bird pricing. Members are invited to join our new Family Involvement Program, where members aged 16+ can volunteer at the pool to defray a portion of their annual dues.

Interested? We'd love to hear from you! E-mail us and one of our Board Members will contact you to answer any questions you may have.
