

# VISITATION

Are you a person who has been blessed with the gifts of a smiling face and a listening heart? Guess what? You are just the right person to share your God given gifts with our IHM homebound parishioners!

Would you be willing to make a phone call to a person who can't get out and socialize with others?

How about sending an uplifting card with a personal message in it?

Interested in taking the Holy Eucharist to someone who is not able to get to Mass?

Don't worry about whether or not you have what it takes to make a visit ... just take that first step! You will be provided with exactly what you need to complete your visitation to someone who needs to know that they have not been forgotten. Can you share approximately one hour or less of your time a month visiting someone in your county?

The sharing of your gift of compassion or even just a short telephone call will help heal a lonely void. God bless you for being generous with your time and having the courage to tell just one person that they are loved by God and our IHM parishioners.

**“Lord, you can work through anyone; I believe even I can be essential to your kingdom”.**

*Kindly mark “Visitation” on the Time & Talent form  
and submit it to the Stewardship Committee.*
