

Pyrenean Mastiff Puppy Application

Date: _____

The expressed purpose and intent of Pyrenean Mastiffs de Monte Sano's breeding program is to produce high quality show puppies bred to standard and with the expressed goal of improving the bloodline. Our puppies can be trained and used for show, breeding purposes, or for their original purpose as estate and livestock guardian dogs (LGDs).

The order of priority for a puppy is based on first, the Purpose of Purchase, and second, the order in which your accepted application and addition to the wait list is received followed by an application fee upon notification of a live litter available. After that, it will depend on the sex that you requested and the availability of that sex. If you are asking for a Livestock Guardian or Pet quality puppy, a "No Preference" selection on the sex will help ensure you can receive a puppy quicker.

The seller will contact the purchaser within a few days after a live litter is born which begins the 5-day clock for the purchaser to validate that their original application is still correct, and to submit the non-refundable application fee. If the seller does not receive the application validation and non-refundable reservation fee within 5 business days of notification, the purchaser will lose their place on the wait list.

Please do not send your non-refundable reservation fee until you receive notification from the breeder of a live litter and that a puppy is available for you. If you do not receive notification that you will receive a puppy from the current litter, your name will remain on the list for the next litter. You may remove your name from the wait list at any time.

****This application is not a purchase contract.*

1. Purpose of Purchase:

____ Guaranteed First Pick Show/Breeding Quality \$3,500.00 (\$3,000.00 plus \$500.00 non-refundable reservation fee)
