**K**aldi's Enterprises was established in 1982, operating fresh juice bar retail outlets in the greater Toronto area before the concept of fresh prepared juices became as popular as they are today.

**K**aldi's Enterprises success with fresh squeezed juice products was both innovative and refreshing to the retail food industry.

**A**s consumers became more health conscious, the demand for alternative all natural juice products began to bloom.

**B**y 1985, Kaldi's Enterprises had expanded their growth in the fresh juice business by creating a wholesale distribution division to target all facets of the food industry.

**K**aldi's had sourced the world for high quality commercial lines of juice extractors and obtained exclusive distribution licenses for Canada, United States of America, and other selected countries.

**B**y 1987, Kaldi's had pioneered the "in store, fresh made juice bar concept" established in the many hotels, supermarkets, health foods, cafes, restaurants, bistros, and bar establishments.

**K**aldi's corporate expansions included the acquisition and manufacturing rights of commercial Pineapple Peelers/Corers as seen in many supermarkets and fine food stores throughout North America. The other was a production facility of commercial All Natural Peanut/Almond Butter Grinders used in many health food stores around the world.

**T**oday, Kaldi's Enterprises continues to advance their presence in the market place with the development of their own line of All-Natural Exotic Tropical Juices.

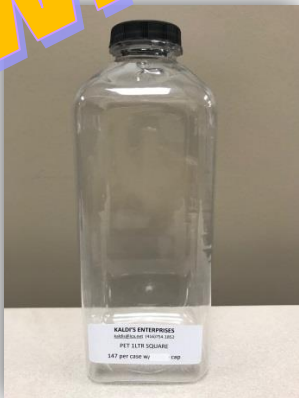

**F**resh ideas and fresh products will continue to flow through our company as we strive to provide our customers and their's the highest level of quality and service they deserve.
